## COLLEGE CALENDAR

### First Semester, 1936-1937

Sept. 11, Friday.....	Examinations for Entrance and for Removal of Conditions.
Sept. 14, Monday.....	Registration of Freshmen.
Sept. 15, Tuesday.....	Registration of Upperclassmen.
Sept. 16, Wednesday.....	First Semester Recitations Begin.
Sept. 29, Tuesday.....	Mass of the Holy Ghost.
Nov. 25, Wednesday.....	Thanksgiving Recess Begins, 5 P. M.
Nov. 30, Monday.....	Classes Resumed, 8 A. M.
Dec. 8, Tuesday.....	Feast of the Immaculate Conception.
Dec. 22, Tuesday.....	Christmas Recess Begins, 5 P. M.
Jan. 4, Monday.....	Classes Resumed, 8 A. M.
Jan. 20, Wednesday.....	Semester Examinations Begin.

### Second Semester, 1937

Feb. 1, Monday.....	Second Semester Recitations Begin.
Feb. 5, Friday.....	Mardi Gras Recess Begins, 5 P. M.
Feb. 10, Wednesday.....	Classes Resumed, 8 A. M.
Feb. 17, Wednesday.....	Annual Retreat Begins.
Feb. 20, Saturday.....	Annual Retreat Closes.
Feb. 24, Wednesday.....	Examinations for Removal of Conditions.
March 24, Wednesday.....	Easter Recess Begins. 5 P. M.
March 30, Tuesday.....	Classes Resumed, 8 A. M.
March 31, Wednesday.....	Applications for Degrees.
April 9, Friday.....	Senior Theses Due.
May 6, Thursday.....	Ascension Day. No Classes.
May 26, Wednesday.....	Final Examinations Begin.
June 4, Friday.....	Second Semester Ends.
June 6, Sunday.....	Baccalaureate Services.
June 7, Monday.....	Commencement Exercises.
June 10, Thursday.....	Registration for Summer School Begins.
June 14, Monday.....	Summer School Recitations Begin.
July 30, Friday.....	Closing of Summer School.

## SCHOOLS AND COLLEGES

## ADMINISTRATIVE OFFICERS

VERY REV. JOHN W. HYNES, S.J., *President*

REV. JAMES A. GREELEY, S.J., *Dean*

REV. FRANCIS A. CAVEY, S.J., *Secretary-Treasurer*

MRS. LENA MARCY, *Librarian*

REV. PERCY A. ROY, S.J., *Assisant Dean*

MARGARET E. CAREY, *Registrar*

GUY J. KNOBLOCH, *Bursar*

## STANDING COMMITTEES OF THE FACULTY

---

The President of the University is ex-officio a member of each committee.

### *Committee on Admission, Classification, Curriculum*

This committee rules on cases of application for admission requiring special consideration, and on all questions concerning modification in classification and curricula.

REV. JAMES A. GREELEY, S.J., *Chairman*

REV. PERCY A. ROY, S.J.

JOHN V. CONNOR

REV. SAMUEL H. RAY, S.J.

MARGARET E. CAREY

### *Committee on Discipline*

This committee decides on all cases of discipline and rules affecting the student-body.

REV. PERCY A. ROY, S.J., *Chairman*

REV. FRANCIS A. CAVEY, S.J.

REV. SAMUEL H. RAY, S.J.

REV. JAMES A. GREELEY, S.J.

REV. JOSEPH J. WALLACE, S.J.

### *Committee on Debate and Dramatic Art*

This committee has control of the extra-curricular activities of the University in debate, oratory, and dramatic art.

REV. WILLIAM J. HARTY, S.J., *Chairman*

REV. J. A. GREELEY, S.J.

ALFRED J. BONOMO

GERALD J. EBERLE

ALBERT R. LOPEZ

### *Committee on Student Activities and Welfare*

This committee has supervision over all student social organizations and social affairs.

REV. PERCY A. ROY, S.J., *Chairman*

REV. SAMUEL H. RAY, S.J.

REV. JAMES A. GREELEY, S.J.

STEPHEN B. RODI

JOHN J. McCANN

*Committee on Student Publications*

This committee has supervisory power over student publications.

REV. JAMES A. GREELEY, S.J., *Chairman*

JAMES T. CONNOR

REV. J. J. WALLACE, S.J.

JOHN J. McCLOSKEY

HUGH MERCER BLAIN

*Committee on Undergraduate Studies*

REV. JAMES A. GREELEY, S.J., *Chairman*

REV. EUGENE J. O'CONNOR, S.J.    JOHN V. CONNOR

REV. GEORGE A. FRANCIS, S.J.    RICHARD D. DOYLE

JOHN G. ARNOLD, JR.    REV. KARL A. MARING, S.J.

*Committee on Graduate Studies*

REV. EUGENE J. O'CONNOR, S.J., *Chairman*

REV. JAMES A. GREELEY, S.J.    JOHN V. CONNOR

JOHN G. ARNOLD    REV. KARL A. MARING, S.J.

REV. GEORGE A. FRANCIS, S.J.    RICHARD D. DOYLE

*Alumnae Advisory Committee*

MISS FANNIE FITZWILLIAMS, *Chairman*

MISS ISABEL FRENCH

MISS MARY WALSH

MISS ETHEL DUFFY

MISS RUTH McSHANE

*Alumni Officers*

WARREN PONCET, *President*

COSMO TARDO, *Vice-President*

EDWARD LUCAS, *Secretary*

THOMAS E. McLAFFON, *Treasurer*

## OFFICERS OF INSTRUCTION

---

Orie L. Abell, S.J., A.M., Ph.D., S.T.D. Thomas Hall  
*Associate Professor of Physics* (1926).—A.B., St. Louis University, 1912; A.M., *ibid.*, 1913; Ph.D., Woodstock College, 1921; S.T.D., *ibid.*, 1922.

John G. Arnold, Jr., Ph.D. 2328 Lowerline Street  
*Professor of Biology and Chairman of the Department* (1934).—Chancellor of the Honor Biology Society; A.B., Ohio State University, 1930; A.M., Wesleyan University, 1932; Ph.D., New York University, 1934.

Paul F. Bailey, B.S. 7919 Willow Street  
*Associate Professor of Chemistry* (1930).—B.S., Loyola University, 1926.

Hugh Mercer Blain, Ph.D. 2336 Robert Street  
*Instructor in Journalism and Chairman of the English Department* (1933).—Ph.D., University of Virginia, 1901.

Robert M. Brooks, S.J., A.M. Thomas Hall  
*Professor of Classical Languages* (1934).—A.B., College of the Immaculate Conception, 1894; A.M., St. Louis University, 1909; Principal, St. John's College, Shreveport, 1930-1932.

Martin P. Burke, S.J., Ph.D. Thomas Hall  
*Professor of Scholastic Philosophy and Chairman of the Department* (1919).—A.B., St. Louis University, 1906; A.M., *ibid.*, 1907; Ph.D., Gregorian University, Rome, 1924.

Joseph A. Butt, S.J., A.M. Thomas Hall  
*Associate Professor of Accounting* (1929).—A.B., Gonzaga University, 1919; A.M., *ibid.*, 1920.

Thomas G. Carter, S.J., A.M. Thomas Hall  
*Associate Professor of English* (1934).—A.B., Gonzaga University, 1926; A.M., *ibid.*, 1927.

Francis A. Cavey, S.J., S.T.D. Thomas Hall  
*Associate Professor of Philosophy* (1928).—A.B., St. Louis University, 1908; A.M., *ibid.*, 1909; S.T.D., Woodstock College, 1918.

Charles C. Chapman, S.J., Ph.D. Thomas Hall  
*Associate Professor of History* (1934).—A.B., Gonzaga University, 1923; A.M., *ibid.*, 1924; Ph.D., Fordham University, 1934; Regent of College of Music, 1936.

- John V. Connor, Ph.D. 2935 Calhoun Street  
*Professor of Economics and Chairman of the Department* (1927).—A.B., St. Viator's College, 1922; A.M., Catholic University, 1924; Ph.D., *ibid.*, 1926; Moderator, Commerce Club, 1935.
- Fernando Dahmen, M.E. Queen & Crescent Bldg.  
*Assistant Professor of Economics* (1931).—M.E., University of Chile, 1908; Consul of Chile, New Orleans.
- Richard D. Doyle, Ph.D. 1516 Soniat Street  
*Professor of History and Chairman of the Department* (1932).—LL.B., St. Paul College of Law, 1914; B.C.S., De Paul University, 1922; Ph.B., Loyola University, Chicago, 1922; A.M., St. Louis University, 1928; Ph.D., *ibid.*, 1932.
- Timothy L. Duggan, A.B. 4153 Canal Street  
*Graduate Assistant in Biology* (1934).—A.B., Loyola University, 1929; post-graduate studies, Louisiana University School of Medicine, 1929-1933.
- Gerald J. Eberle, A.M. 816 Cherokee Street  
*Instructor in English* (1936).—A.B., St. Norbert College, 1934; A.M., University of Wisconsin, 1936; Instructor in English, St. Norbert College, 1932-1936.
- Francis X. Entz, S.J., A.M. Grand Coteau  
*Professor of Latin and Associate Dean* (1934).—A.B., St. Louis University, 1912; A.M., *ibid.*, 1913.
- D. Ivan Farnsworth, M.S. 910 S. Carrollton Avenue  
*Associate Professor of Biology* (1933).—A.B., Nebraska Wesleyan University, 1924; M.S., St. Louis University, 1928; Graduate studies, Louisiana University School of Medicine.
- Ferdinand H. Fisher, B.S. 2006 Milan Street  
*Assistant Professor of Economics* (1933).—B.S., University of Detroit, 1927; Moderator of German Society, Loyola University.
- Harry T. Fleddermann, B.M.E. 6032 Garfield Street  
*Assistant Professor of Physics* (1932).—B.S., Spring Hill College, 1929; B. of M. E., University of Detroit, 1931.
- George A. Francis, S.J., Sc.D. Thomas Hall  
*Professor of Chemistry, Chairman of the Department, Regent of the School of Pharmacy* (1922).—A.B., Woodstock College, 1918; A.M., St. Louis University, 1919; Sc.D., Fordham University, 1922.
- Edward Francis Goss, S.J., A.M. Grand Coteau  
*Instructor in Greek* (1935).—A.B., St. Louis University, 1932; A.M., *ibid.*, 1934.

James A. Greeley, S.J., Ph.D., S.T.D. Thomas Hall  
*Dean of College of Arts and Sciences, Director of Summer School, Chairman, Council of Regents and Deans* (1931).—Associate Professor of Philosophy; A.B., Woodstock College, 1913; A.M., *ibid.*, 1914; Ph.D., *ibid.*, 1915; S.T.D., *ibid.*, 1925; President of Southern Regional Unit of the College Department of the National Catholic Educational Association.

William James Harty, S.J., A.M. Thomas Hall  
*Associate Professor of Philosophy* (1936).—A.B., Gonzaga University, 1922; A.M., *ibid.*, 1924; Instructor in English, Loyola, 1933; Associate Professor of Philosophy, Loyola, 1936.

Julian Jurgens, Ph.G., B. S. 1031 Moss Street  
*Associate Professor of Chemistry* (1933).—Ph.G., Loyola University, 1929; B.S., *ibid.*, 1931; Instructor in Chemistry, *ibid.*, 1931.

Terence A. King, S.J., A.M. Thomas Hall  
*Instructor in English* (1935).—A.B., Woodstock College, 1906; A.M., *ibid.*, 1907.

Albert Richard Lopez, Ph.D. 445 Broadway  
*Professor of Romance Languages and Chairman of the Department* (1936).—A.B., University of California, 1931; A.M., *ibid.*, 1932; Ph.D., *ibid.*, 1935; Assistant in Spanish Department, University of California, 1932-1936.

Gaspere Lugano, J.D. 730 Royal Street  
*Instructor in Italian* (1934).—J.D., Royal University of Pavia, Italy, 1906.

Edward M. McGrath, Ph.D. 7040 Coliseum Street  
*Associate Professor of English* (1936).—A.B., Cornell University, 1923; Université de Montpellier, 1925-1927; Ph.D., Cornell University, 1935; Instructor in English, 1923-1925, 1927-1931.

Karl A. Maring, S.J., Ph. D. Thomas Hall  
*Professor of Physics and Chairman of the Department* (1933).—A.B., Woodstock College, 1915; A.M., *ibid.*, 1916; Ph.D., St. Louis University, 1932; member of the American Mathematical Society; Board of Southern Intercollegiate Mathematical Association; Vice-President, Louisiana Academy of Science.

Edmond L. Merilh, M.S. 2219 Pine Street  
*Associate Professor of Biology* (1924).—B.S., Spring Hill College, 1917; M.S., Loyola University, 1923.

John Wilbur Mitchell, A.M. 6314 Clara Street  
*Instructor in Accounting* (1930).—B.S.C., Creighton University, 1929; A.M., Ohio State University, 1934.

- Linus D. Molony, A.M. 1738 Calhoun Street  
*Instructor in English* (1935).—A.B., University of Notre Dame, 1928; A.M., *ibid.*, 1929.
- Jose O. Monasterio, C.E. 1308 Calhoun Street  
*Assistant Instructor in Mathematics* (1929).—C.E., Chapultepec Military Academy, 1903; member American Mathematical Society.
- \*Jesse C. Montejo, A.M. 357 Broadway Street  
*Professor of Spanish and Chairman of Modern Language Department* (1928).—Ph.B., Loyola University, 1925; A.M., *ibid.*, 1927.
- John J. Murphy, S.J., A.M. Grand Coteau  
*Associate Professor of Latin* (1934).—A.B., Woodstock College, 1921; A.M., *ibid.*, 1922.
- Eugene J. O'Connor, S.J., Ph.D. Thomas Hall  
*Professor of English* (1926).—A.B., Woodstock College, 1912; A.M., St. Louis University, 1920; Ph.D., Woodstock College, 1932; Chairman of the Department of English, Loyola University, 1929-1935
- Samuel H. Ray, S.J., A.M. Thomas Hall  
*Spiritual Adviser to Students and Chairman of the Department of Religion* (1934).—A.B., Gonzaga University, 1917; A.M., *ibid.*, 1918.
- Percy Albert Roy, S.J., A.M. Thomas Hall  
*Assistant Dean, Arts and Sciences; Director Student Social and Athletic Activities, Associate Professor of Religion* (1933).—A.B., Woodstock College, 1913; A.M., St. Louis University, 1914; Principal, Jesuit High School, 1925-1933; President of High School Division of the National Catholic Educational Association.
- Louis G. Soniat, S.J., A.M. Thomas Hall  
*Professor of French* (1935).—A.B., Gonzaga University, 1925; A.M., *ibid.*, 1926; Instructor in English, University of Tientsin, China.
- Henry Francis Tiblier, S.J., A.M. Thomas Hall  
*Regent of School of Music and Assistant Professor of Philosophy* (1935).—A.B., Gonzaga University, 1927; A.M., *ibid.*, 1928; Director of University Band and Moderator of the University Glee Club.
- Lucien Vivien, B.E. 4149 Orleans Street  
*Assistant Instructor in Physics* (1932).—B.E., Tulane University, 1926.
- Joseph J. Wallace, S.J., A.M. Thomas Hall  
*Regent of School of Dentistry and Associate Professor of Philosophy* (1932).—A.B., St. Louis University, 1903; A.M., *ibid.*, 1904.

# COLLEGE OF ARTS AND SCIENCES

---

## GENERAL STATEMENT

### HISTORY

The Jesuits came to New Orleans in 1847 with the purpose of establishing a College of Liberal Arts and Sciences. On February 1, 1849, the College began its remarkable career at the corner of Common and Baronne Streets. In 1904 an uptown preparatory school was started as Loyola Academy. Later this institution was developed into a regular College of Arts and Sciences. In 1910 the College of the Immaculate Conception on Baronne Street was merged with Loyola College into one institution, the old College becoming the Jesuit High School.

In response to a general demand from the public and an urgent request from His Grace, Most Reverend James J. Blenk, then Archbishop of New Orleans, Loyola College was expanded into Loyola University in the fall of 1911. The University was authorized in 1912 to grant all University degrees by the General Assembly of Louisiana of that year.

Loyola University of the South is but one of the many universities and colleges conducted by the Jesuit Fathers in the United States and in many other countries. In the United States alone, the Jesuits conduct 63 institutions, with combined enrollment of 57,730 students.

### JESUIT SYSTEM OF EDUCATION

Jesuit Universities and Colleges are quite unique and distinctive. A system of education based on the best European traditions and the experience and research of scholars in many countries became the characteristic method of Jesuit teaching, and was embodied in the collection of pedagogical principles and practices known as the *Ratio Studiorum*.

The Jesuit system is unique in its aim and objective as well as in its methods of approach. Thoroughly convinced that religion is not an appendage to education, but a very vital part

of the faculties of the student and the subject-matter of his courses, the Jesuits have always made as the goal of education the blending of the supernatural with the natural. Their purpose has been to produce a perfect man, seeking to develop his moral character as well as his wits, his soul as well as his body; believing that a true, cultured citizen of any state must be loyal to his God, his Church, and his Country.

As college life is the field in which youth with energy and initiative seeks to prepare itself for life's struggle, literature and science are studied in the light of an all-embracing philosophy which unifies knowledge and motivates action. The system is opposed to the pedagogical errors of undigested cramming, uncorrelated electives, over-specialization. The formation of habits of study, reading, and research, of quick thinking and exact expression is characteristic of their aim. Personal contact with the professors, whose example, taste and experience are often a more potent factor of education than the professional lecture, is a vital part of the system.

Jesuit education prepares its students for eternity as well as for time; for life as well as for vocation.

#### THE NEED OF COLLEGE EDUCATION

Today the professions, the arts, the sciences, as well as business, look for a college education in their members. The mere specialist, the master of one skill or subject, does not make for civilization and culture. Man, as a social being, must have a broad vision and wide experience. He must be familiar with many fields of thought and interest.

This rounded culture should be the fruit of college experience. Through selected courses, the investigating mind is led into the various fields of systematized knowledge. Correlation of these courses makes for unity and thoroughness, for mastery of one's chosen subject without ignorance of the others, for a well-stored mind that has been trained to think for itself and has grown capable of working out problems that may present themselves in school or in life.

Besides, one learns poise and refined bearing, acquires prudence and good judgment, from daily contact with fellow-students of talent and ambition. By this hourly intercourse with one's fellow-men of the best type, defects are overcome, habitual attitudes adopted and perfected, and character is molded.

## CLASSICAL STUDIES

It is one of the regrettable results of the present unrest in the educational world, where the forces arrayed to give vocational training, mechanical development, wage-earning-skill and physical culture, are clashing with the traditional classical methods, that the cultural and academic subjects have lost their prestige. It is unfortunate, because no other curriculum has been found to provide the comprehensive training of mind, heart and will as surely and as efficiently as did the classical studies when they flourished in a golden age as the cause and the fruit of erudition, scholarship and refinement.

It is the aim of the Arts College to revive this love of learning, to fit men with the experience gathered from the wisdom of past ages, to lead them to the fountains of noblest thought and purest, most elegant expression. The study of the ancient and modern languages and literature must ever be the *Palæstra* of refined education.

## MODERN SCIENCES

It is a grievous error to believe that the lovers of literature and art must be enemies of science and invention. The history of science shows plainly how the great scientific discoveries came out of the institutions hallowed for their classical learning. Until recent times all scientific information and the disputes and inventions of scientists found their way to the public through the Latin tongue.

Every facility is provided in the College of Arts and Sciences for the lover of natural science. Large, fully equipped laboratories for general and specialized Chemistry, for Botany, Zoology, Bacteriology, Pathology, and for Physics and Mechanics are provided in Bobet Hall of Science.

No student can be graduated who has not learned the principles and technique of the scientific method and attitude. Many of the students specialize in their favorite science, particularly Chemistry. Consecutive courses covering four years of intensive study lead to the Bachelor of Science in Chemistry degree.

## COMMERCE AND FINANCE

As college graduates frequently choose careers in the business world, a specialized curriculum in the subjects of Com-

merce and Finance is offered to these students. Efforts are made to prepare young men for important positions in the various types of Industrial and Financial Administration. After four years of intensive study one may earn the Degree of Bachelor of Science in Economics.

#### GROUNDS AND BUILDINGS

Loyola University is admirably situated in the Garden District of the City of New Orleans, on St. Charles Avenue, opposite Audubon Park. Many street car lines pass close to the University, making it easy of access from all parts of the city.

The whole neighborhood about the University is the choicest residence portion of the city. Students may easily obtain room and board with private families within a few blocks of the campus. Many families make a special effort to cater to the University students. The rates are reasonable, while many of the charms of home life, with its protection and stimulus to study and gentlemanly behavior, are thus afforded by responsible people who feel a personal interest in the students' health, study, and pleasure. The Gothic Grill Room in Marquette Hall serves meals and luncheons on the campus to the students and furnishes a social room to students and friends during rest hours.

The buildings of the University group are of the Tudor-Gothic style of architecture, and by their graceful, open outlines and their majestic expanse form one of the most striking pictures of architectural splendor to be seen in the Southland. The buildings are of Oriental brick of blended colors, trimmed in grey sandstone or terra-cotta. All of the group buildings are new and strictly fireproof.

The buildings on the campus are: Louise C. Thomas Hall, Marquette Hall, Bobet Hall, the McDermott Memorial Church, Nicholas D. Burke Seismological Observatory, Conservatory Hall, and the Gymnasium and Stadium.

*Louise C. Thomas Hall*—This building is devoted to the Faculty, and to such associations as work for the growth, development, and wider influence of the whole University. It is the gift of Mrs. Louise C. Thomas, whose generous benefactions have been a stimulus to religious and educational development in New Orleans.

*Marquette Hall*—This magnificent structure of four floors, 200x65 feet, is the main building of the University. It is the home of the College of Arts and Sciences, and served temporarily for the Law School. Here also are located the Bobet Library and the various departmental libraries.

*University Libraries*—In 1912, Mr. Edward J. Bobet donated the sum of \$12,000 for the stacks and furniture of the library named after him in Marquette Hall. The Bobet Library was formally dedicated on Easter Sunday, 1913. At that early date it was thought that its accommodations would be ample enough to meet all needs for many years. However, for lack of space, it has since been found necessary to open five other libraries in order to supply the needs of the University. These are:

- (1) Library of the School of Law, containing over 30,000 volumes;
- (2) Library of the School of Dentistry, containing over 4,000 volumes;
- (3) Students' Reference Library, containing 5,000 volumes;
- (4) Faculty Reference Library, containing 2,500 volumes.
- (5) Research Library, containing about 15,000 volumes.

*Bobet Hall*—The new \$300,000 Science Building, named after Mrs. E. J. Bobet, one of Loyola's most generous benefactors, is devoted to chemistry and allied subjects. It has been in use since September, 1924.

The latest scientific equipment has been installed. The general chemistry laboratory, 65 by 45 feet, accommodates 204 men, in two sections of 102 at one time. The biological and bacteriological laboratory, of the same dimensions, accommodates 234 students, in three sections of 78 at one time.

The College of Pharmacy occupies the whole top floor of the new building. Large laboratories and lecture halls are provided with the most modern equipment. Besides, Pharmacy students have the use of equipment in the general chemistry and bacteriological laboratories on the third floor.

The Dental School and Law School have temporary but spacious and well-equipped quarters in this building.

*The McDermott Memorial Church*—This is perhaps the most impressive piece of architecture in the city. It stands in its grandeur and solemnity at a most commanding point on the boulevard, and its massive tower forms the background of the most artistic views to be had from any point in Audubon Park.

The church is the gift of Miss Kate McDermott in memory of her brother, Thomas McDermott. The interior furnishings and decorations are the gifts of special donors.

The wonderful Calvary scene which forms the altar, hewn from the purest Carrara marble by Italian artists, is the gift of Mr. Lawrence Fabacher, K. of St. G. The other marble altars are gifts of Mrs. E. J. Bobet, Mrs. Wm. P. Burke, Mrs. J. Douglas, Mrs. Josephine Burke Palmer and Mrs. George Swarbrick.

The interior of the church has been frescoed by the Jesuit artist, Brother Schroen. The arrangement of the figures, the choice of tints, the exquisite touches in the mosaics and windows give a thrill of pleasure to the aesthetic sense.

The chimes of thirteen bells in the church tower, which pour out the sacred and patriotic airs to be heard for miles around, are the gift of Mrs. E. J. Bobet, who also presented the exquisitely carved pulpit recently erected in the chancel.

*The Nicholas D. Burke Seismological Observatory*—This is one of the attractive features of the Science Department. The graceful building, in keeping with the general style of architecture, is a pretty memorial to an old alumnus, Nicholas D. Burke, erected by his parents, Mr. and Mrs. Wm. P. Burke, who have been generous supporters of the University from its beginning. The seismological equipment consists of vertical and horizontal instruments of the Wiechert astatic type, by which New Orleans receives its first news of earthquakes and disturbances on the surface of the globe. This observatory is one of many controlled by the Jesuit colleges and universities in all parts of the world, in the interest of seismological and meteorological science.

*Gymnasium and Stadium*—The Athletic Stadium stands beyond the group of University buildings, close to Freret Street. It has proved its value as an asset to college life during the athletic seasons of the last few years. The turtleback football field is covered with Bermuda grass and is pronounced by experts from all parts of the country as one of the finest fields in the United States.

Between the football stadium and Bobet Hall, a very fine baseball field has been laid out. A modern grandstand and attractive clubhouse equipped with lockers and showers make this sport attractive to both spectators and participants.

The Gymnasium Building affords a spacious court for basketball. It has special rooms for visiting teams, shower baths, and offices for the athletic department. It adjoins the Loyola Athletic Stadium, which lies on the campus between Liberty and Freret Streets.

*Need of More Buildings*—Owing to the rapid growth of the University, the present buildings and usable spaces are not adequate. The expanding curriculum demands more classes and consequently more classrooms. A special hall for lecture and recitation rooms is badly needed. Particularly is this need felt in the Summer School, when the University serves nearly 700 teachers in college and teacher-training courses, who attend only in the morning hours.

The Law Department is demanding a separate Law Building. The Lemann property at the corner of St. Charles Avenue and Calhoun Street was purchased for this purpose, and it is hoped that a kind benefactor will give the building.

The greatest need of the University is a new Library Building. The very center and heart of university work today is the modern library. At present the six distinct libraries in several buildings contain over 70,000 volumes and are overcrowded. A new Library Building, central to the group, would release much space in Marquette and Bobet Halls for administration, and increase the facility of use of our library materials. No greater benefaction to the University and to Education could be found, nor a more splendid family memorial.

#### EQUIPMENT

The University has spent within the last few years nearly \$125,000.00 in increasing its scientific equipment.

*Physics*—The University is well supplied with all the instruments and materials for a thorough course in general college physics, and for advanced and special courses in mechanics, heat, electricity, magnetism, sound, and light. The students'

laboratory is outfitted with apparatus of the finest quality and instruments of the highest precision, making it possible for the students themselves to perform all experiments with the accuracy and thoroughness demanded for university work in physics.

Besides the usual array of equipment necessary for demonstration and laboratory work in the regular course of college physics, there are very many additional instruments of the best design and the utmost accuracy, opening up fields in the study of physics not ordinarily embraced in college courses.

*Chemistry*—The Bobet Science Hall with its many chemical laboratories and lecture rooms is the last word in modern scientific equipment for the teaching of chemistry in its many branches. It has all facilities for thorough and efficient teaching both by demonstration and by laboratory work; and its outfitting is the embodiment of the best features that could be found in the best chemical schools of the country. Compressed air is supplied throughout the building, and in some of the laboratories the individual desks are supplied with direct and alternating electric current. Direct and forced ventilation, efficient fume chambers, generous spacing of laboratory tables, commodious lockers, maximum daylight illumination; these are some of the things that make for pleasant and fruitful laboratory work under the very best conditions.

There are special research laboratories for advanced work. Besides the various materials and apparatus required for the ordinary courses in inorganic and organic chemistry, qualitative and quantitative analysis, physical and physiological chemistry, there are many special instruments of accuracy and precision.

*Biology and Bacteriology*—The equipment of this laboratory has grown year by year, until now it has every convenience for experimental and research work, as well as for the regular courses. This department is in the Science Building, where new laboratory tables of special design are installed. The laboratory has capacity for two hundred and thirty-four students in three sections of seventy-eight at one time.

## BEQUESTS AND GIFTS

The rapid growth of the University in all departments is making more evident each year the absolute need of more buildings for class rooms and laboratories.

By the greatest economy the Jesuit Fathers have saved for the University many thousands of dollars which would have been consumed in overhead expense and in salaries. Besides, the generosity of all the members of our various faculties has made it possible for the University to get the maximum of efficiency with the minimum of expense.

But such savings cannot supply the abundant means necessary for immediate expansion. The University, therefore, must look to its friends and benefactors, and to all those whose bounty is being devoted to the cause of higher education for the generous contributions and large donations which will enable the University to continue its building program and to put aside an endowment to safeguard the efficiency of the means of education and the teaching staff.

The University earnestly begs all those who believe in placing college education within the reach of every American boy or girl, and who consider that education the safest and best which postulates as the foundation of its intellectual development the formation of character through moral and religious education, that they come to the assistance of Loyola University by giving financial as well as moral support.

The University cherishes the memory of all her benefactors, great and small. These share in the good works and prayers of the Jesuits of Loyola and will be remembered long after they are gone.

Among the distinguished benefactors of the University should be mentioned: Mr. and Mrs. E. J. Bobet, Mr. and Mrs. W. J. Vincent, Mrs. O. S. Thomas, Mrs. Wm. P. Burke, Mr. Lawrence Fabacher, K. of St. G., and Miss Katherine McDermott.

Those who are desirous of helping Loyola University in its sublime mission of higher education by erecting buildings as family memorials, or by endowing departments or lecture-chairs in any of the Schools or Colleges, are requested to make their donations, legacies and bequests in the proper legal form, as shown on page 80 of this Bulletin.

One may specify the purpose or use to be made of the gift, and this intention will be scrupulously observed. It is well to state whether the sum is for BUILDING and EQUIPMENT or for ENDOWMENT, as the latter must be invested and only the accruing interest may be used.

*Loyola Educational Fund*—A Living Endowment is growing rapidly through the generosity and devotion of many friends. When one realizes that an annual gift of \$52.00, continued from year to year, is the income from an endowment of \$1,000.00, it becomes evident that a club of one thousand members would be equivalent to an endowment of one million dollars. Those wishing to join with other friends of the University in building up this Living Endowment should address "The Loyola Educational Fund," Loyola University, New Orleans, Louisiana.

*Scholarships*—Many bright and ambitious boys of approved moral character are debarred from the opportunity of entering college to prepare for a professional career, because they have not sufficient funds.

The University on the one hand is most anxious to assist each deserving boy in acquiring a higher education; but, on the other, it depends on the small income from tuition fees to keep up the departments. The University, therefore, must look to generous benefactors who, in their charity, wish to help native sons in this most valuable way by supplying funds necessary to care for a boy's tuition.

A *Perpetual Scholarship* is founded when an endowment of \$2500.00 is set aside for this purpose.

A *Course Scholarship* represents an amount which will cover the tuition of one student during his four years of college. The sum of \$500.00 may be deposited or \$125.00 may be paid annually.

An *Annual Scholarship* is provided by the yearly donation of \$125.00.

Scholarships cover the tuition fee only. The holder of the scholarship must pay the other fees at the beginning of the year, and he must at all times set an example of good conduct and serious application. The honor will be forfeited by any holder of a scholarship whose grades during a semester are

unsatisfactory. Scholarships granted in one Department can not be transferred to any other Department.

The President and Faculty wish to express their grateful appreciation of the generosity of those who have already founded scholarships, and to urge others to increase this charitable fund for the benefit of the deserving boy.

The following are scholarships which have been placed at the disposal of the University:

The W. P. Burke Scholarships (three).

The Rev. Francis X. Twellmeyer, S.J. Scholarship.

The Rev. A. E. Otis, S.J. Scholarship.

The Rev. Albert J. Biever, S.J. Scholarship.

The Louisiana State Councils of K. C. Scholarships (seven).

The St. Ignatius Scholarship founded by Miss E. S. Fitch.

The St. Ignatius of Loyola Scholarship.

The Men's Sodality of Jesuits' Church Scholarship.

The Francis Xavier Wegmann Scholarship.

The Virginia Bobet Scholarship.

The Louise Thomas Scholarship.

The Albert J. B. Lapeyre Memorial Scholarship.

The Ladies' Marquette Auxiliary Scholarship.

The Mrs. Josephine Burke Palmer Scholarships (two).

The Hon. Joseph A. Breaux Scholarships (twelve).

#### STUDENT ORGANIZATIONS

*Sodality of the Blessed Virgin Mary*—For the purpose of fostering religious faith and fervor, and to encourage ambitious boys to spiritual and scholastic leadership, the University Sodality offers many opportunities for personal development, as well as training and practice in social work and religious activity. Weekly meetings are held for the discussion of phases of Catholic life, and bi-weekly the Sodality gathers in Louise Thomas Memorial Chapel to recite the office of the Immaculate Conception and receive Holy Communion in a body.

*Student Council*—The Student Council consists of twelve members, representing the College of Arts and Sciences, and the Schools of Law, Dentistry and Pharmacy. Three students

are selected by the student-body, with the approval of the Faculty, from each of these groups. The duty of the Council is to unify student thought and action. It conducts general meetings and elections, sponsors and manages interclass contests, helps the student publications, and leads and directs student activities.

*Debating Club*—Students of the College of Arts and Sciences must participate weekly in exercises of public speaking. To further this activity, the Loyola University Debating Club has been formed, which conducts debates with colleges and universities in various sections of the country.

*Thespian and Literary Society*—The purpose of the Thespians is to develop and give an outlet to the dramatic talent of the students. With this object in view, several plays are given during the year.

*Glee Club*—Students of the College of Arts and Sciences are eligible for membership in the Loyola Glee Club. The Glee Club takes an active part in the public entertainments and assemblies of the University.

*University Band*—Membership in the University Band is open to the students of the College of Arts and Sciences if they have the required ability and training. All who become members are expected to be regular and prompt in attendance at the appointed rehearsals.

*Student Publications*—The students of the University, under Faculty supervision, issue two publications, the *Maroon*, a weekly, and the *Wolf*, an annual, the editors of which are appointed by the Faculty Director of Student Activities, and they in turn appoint their editorial staffs. The business management is in the hands of the students. Thus, their various duties render them familiar with phases of life outside of college that will be of benefit to them in their future careers.

*Scientific Societies*—The Biology, Chemistry, Physics, and Mathematics Societies meet regularly for the discussion of special problems and for special lectures on scientific subjects. The students of the College of Arts and Sciences are eligible to membership subject to the special requirements for admission to each respective society.

## STUDENT EXPENSES

### PAYMENTS

All fees must be paid at the beginning of the school year. The tuition may be paid in two installments, but this must be done at the beginning of each semester.

Unless all indebtedness is promptly paid, the student will not be admitted to regular classes nor be allowed to take any examinations.

It is the duty of each student who applies for registration to come prepared to meet his financial obligations according to these rules. The University is unwilling to make exceptions for any student.

The University does not conduct student dormitories, but students who live outside of New Orleans can obtain pleasant rooms in the neighborhood for from \$10.00 to \$15.00 per month. The University is equipped with a thoroughly modern cafeteria, where the students can take their meals at reasonable rates.

### REFUNDS

In case a student withdraws from the University and makes application for refund during the first ten days of instruction as scheduled, the total amount of his fees for the work dropped, except the matriculation fee, will be refunded. If application is made after this ten-day period and before the middle of the semester, a rebate of one-half of the fees, except the matriculation fee, will be made. After the middle of the semester, no rebate will be allowed. In no case will any part of the matriculation fee be refunded.

No fees are refunded in case a student is suspended or dismissed for disciplinary reasons.

The breakage fee will be administered and refunded according to the regulations of the college. Out of it is taken a charge for damage, loss or injury to materials, apparatus or property; and the distribution of this charge is made to individuals or classes, according to circumstances.

## LIST OF FEES

Matriculation (first year only).....	\$5.00
Registration .....	5.00
Tuition (per semester).....	62.50
Laboratory:	
Biology .....	20.00
Chemistry .....	20.00
Physics .....	20.00
Rental of Microscope.....	10.00
Breakage Deposit:	
General .....	5.00
Biology .....	5.00
Physics .....	5.00
Chemistry .....	10.00
General Fees:	
Library .....	5.00
Athletic .....	10.00
Student Activities.....	10.00
Graduation .....	25.00

The Athletic fee entitles the student to admission to all athletic events and the privilege of participating in athletic activities on the campus.

The Student Activities fee covers subscriptions to the *Maroon* and the *Wolf*.

The Graduation fee, payable on May 1, includes rental of cap and gown.

Students are urged to provide their own microscopes. Should they choose to rent one from the College, they will pay an annual fee of \$10.00 for the use of same.

Each student may rent an individual locker for \$2.00 a year.

A fee of \$2.00, payable in advance, will be charged for every examination taken out of course.

A fee of \$2.00 will be charged for late registration.

A fee of \$1.00 will be charged for a second transcript of credits.

## ENTRANCE PROCEDURE

Applicants for admission to the Freshman class as candidates for a degree must be of good moral character, and present evidences of the satisfactory completion of four years of high school work or its equivalent.

At least fifteen standard high school units are required, of which *three* units must be in English, *two* units in Mathematics, and *one* unit in Natural Science. The remaining nine units must be chosen from the list of Elective Units, with this double limitation: that of these electives, not more than three units in vocational subjects will be accepted and no credit will be allowed for less than two years in any foreign language.

Application for admission accompanied by proper credentials shall be filed with the Registrar at least two weeks in advance of the date of registration. Applications and credentials presented later than two weeks before the opening of the semester will not be considered except by special action of the Committee on Admission. It is obligatory to submit on entrance official records from all schools previously attended. These credentials are to be sent directly by the proper officer of the school in which they were earned and not through the student. Credentials which are accepted for admission become the property of the University and are kept permanently on file. Blank forms for entrance certificates may be had on application to the Registrar.

It is recommended that applicants have their credentials sent to the Registrar immediately after graduation from High School. This will enable the Committee to pass on their eligibility and to inform them of any deficiencies that must be made up in Summer School.

The University reserves the right to refuse admission to applicants whose preparatory work is of such a grade as to create doubt regarding their ability to pursue college work successfully.

All students are expected to be matriculated before the opening of the session, thus allowing ample time to be assigned to class and provided with laboratory outfit.

Students must be present on the opening day of classes and will not be admitted under any circumstances after the first ten days.

## METHODS OF ADMISSION

## I. AS A REGULAR STUDENT

Admission as a \*matriculated student to the College of Arts and Sciences may be obtained by one of the following methods: (1) by certificate or diploma of graduation from an approved high school; (2) by examination; (3) by probation; (4) by transfer from another institution of higher learning.

1. *Admission by Certificate.*—Admission without examination on certificate is granted to students from secondary schools accredited by any recognized standardizing agency, or by the State Board of Education, or by the State University of the state in which the high school is located.

2. *Admission by Examination.*—An applicant who is not entitled to enter on certificate must take the entrance examinations in the following subjects: English, History, Language, Mathematics and Science. These examinations are held on September 13. Applications for these examinations should be made to the Registrar of the University at least two weeks in advance of the opening date. The fee for such examinations is \$2.00 each.

3. *Admission by Probation.*—An applicant who has graduated from a four-year, non-accredited high school will be admitted without examination on probation for one semester on the special recommendation of the principal, provided the applicant, in his high school course, has fully completed the required units for admission to the University and has maintained an average of 10 per cent above the passing mark.

4. *Admission to Advanced Standing.*—Advanced Standing will be given, at the discretion of the Committee on Undergraduate Studies, to an applicant who fulfills the high school requirements for admission and who presents a transcript from the proper official of another institution of accredited collegiate rank. Such credits are granted conditionally and will become final only after the student does satisfactory work.

---

\*A matriculated student is one who has fulfilled all entrance requirements, paid all his fees, and is pursuing regular courses leading to a degree.

Students applying for Advanced Standing should have a full transcript of their credits sent to the Registrar of the University in advance of their registration.

## II. AS A SPECIAL STUDENT

Mature students who cannot meet the regular entrance requirements of the University may be admitted under the following conditions:

1. They must be at least twenty-one years of age.
2. A student from an accredited high school will not be admitted to the classification of a special student if he has been in attendance in the high school during the previous year.
3. All available certified credits for previous school work must be submitted to the Registrar and an application blank for admission as a special student filled out, giving, in addition to other information, the kind of work desired, the reasons for desiring such work, and, when no credits can be presented, a detailed statement of any previous educational work and practical experience.
4. By virtue of his classification, a special student is not eligible for any degree. He may ultimately become a candidate for a degree, however, by completing the admission requirements of the department in which he is registered.
5. Registration as a special student is for one semester only. Registration for a following semester will be refused if the student has not shown satisfactory earnestness and definiteness of purpose, or if his work has not been satisfactory in the first semester of his admission to the University.
6. No one may register in the University as a special student for more than two years.

## ADMISSION REQUIREMENTS

*Unit Requirements*—Preparation qualifying for admission to University courses is expected to cover normally a period of four years in a secondary school (high school or academy). Admission credits are stated in terms of units. A unit represents a year's study in any subject in a secondary school, con-

stituting approximately a quarter of a full year's work. Two hours of laboratory work are equivalent to one hour of prepared class-room work.

Not more than four units are accepted in any one subject. At least two units must be offered in any one foreign language.

*General Requirements:*

	Units
English .....	3
Algebra .....	1
Geometry .....	1
History .....	2
Latin or Modern Language.....	2
Laboratory Science (except for B.S. in Economics)....	1
(Physics, Chemistry, Botany, or Zoology.)	

*Special Requirements:*

For the A.B. degree:	Units
Latin .....	3
For the B.S. degree:	Units
French or German.....	2
Algebra .....	1½
Solid Geometry .....	½

*Electives*—In general, only *three* units will be accepted from Group B. But students who register for the B.S. in Economics may present commercial subjects up to *five* units.

GROUP A

	Units		Units
English .....	1	Solid Geometry.....	½
Latin .....	1 - 4	Trigonometry .....	½
Greek .....	1 - 4	Botany .....	½ - 1
French .....	1 - 4	Chemistry .....	1
German .....	1 - 4	Biology .....	1
Spanish .....	1 - 4	General Science.....	½ - 1
History .....	1 - 3	Physics .....	1
Civics .....	½ - 1	Physiology .....	½
Economics .....	½ - 1	Zoology .....	½ - 1
Algebra, Advanced.....	½		

GROUP B

	Units		Units
Bookkeeping .....	1	Commercial Geography.....	½
Commercial Law.....	½	Drawing .....	1
Commercial Arithmetic.....	½	Music .....	1

## ADMINISTRATIVE PROCEDURE

### THE COLLEGE YEAR

Instruction begins in the third week of September on the day specified in the Calendar. Instruction includes thirty-four weeks, divided into two semesters of seventeen weeks each. There is a recess at Christmas and at Easter. Instruction is suspended on legal holidays, and on holy days of obligation observed in the Catholic Church.

### INSTRUCTION

The unit of instruction is one hour a week for one semester. Two hours of work in the laboratory are considered equivalent to one hour of recitation. Students may receive credit only for the number of hours published with a course. No credit will be allowed for a course for which a student is not regularly registered.

Attendance as auditors is not granted to regular students without written permission of the Dean.

### WITHDRAWAL

A student withdrawing from the College during any semester or before the final examination forfeits credit for work done in that semester. Students who withdraw from a course without permission of the Dean are recorded as having failed in the course. It is required as a condition of honorable dismissal that students who wish to withdraw from the University shall obtain permission to do so on blanks furnished by the Registrar.

### ATTENDANCE

All students must attend assemblies, class room and laboratory exercises regularly. They will be charged with all absences except such as are incurred through University action. Students who are absent from exercises the day preceding or the day following any college recess or vacation will be marked with two absences for each exercise missed, unless permission has been previously asked for and granted by the Dean.

A student will be dropped from a course when the number of his absences in the course in a semester equals three times the number of weekly periods of the course.

Cases of absences due to serious illness or other extraordinary causes must be referred to the Committee on Discipline.

Absence from a test that has been duly announced will be marked as two absences in that subject, unless a satisfactory excuse has been previously approved by the Dean.

Excused absences do not exempt from tests, quizzes, or written work required during the period of absence. The responsibility for making up work or taking omitted tests rests wholly upon the student. Failure grade will be given where this is neglected.

If a student is tardy three times, or tardy once for more than fifteen minutes, he incurs an absence.

### DISCIPLINE

The educational system of this University includes, as one of its most important features, the formation of character. It is expected that each student will be so loyal to the spirit and ideals of his Alma Mater that the exercise of proper self-control will come from his own convictions and free determination.

The College rules and regulations are meant as a guide and help to foster that gentlemanly conduct which is presupposed in every Loyola student. These rules require regular and punctual attendance at all scheduled exercises, obedience to college customs and regulations, serious application to study, and blameless conduct. A student who shows himself deficient in these essential points will be suspended or dismissed.

The University reserves the right to dismiss at any time a student who fails to give satisfactory evidence of earnestness of purpose and of interest, primarily in the serious work of college life. Dismissal may be made without specific charges and, in rare cases, perhaps on grounds that seem insufficient to students and parents. The University, in these cases, holds itself to be the more capable judge of what affects the interests of the institution and the student body.

### HEALTH

Each student must present himself to the Department of Health Service for a medical and dental examination at the opening of school.

Each student must be vaccinated before admission unless he can furnish proof that he has been vaccinated recently.

### EXAMINATIONS

All students in the College of Arts and Sciences must present a term-paper of not less than 2500 words on the subject selected by the professor. Quizzes and home assignments are given every week in all courses. Written tests are held every six weeks. Written examinations are given twice a year upon the work done during the semester. The result of the semester examination, combined with the grade for the student's other written and oral work, will determine the final grade for the semester. A student who has failed to take test or quizzes or to hand in his assigned work will be given an incomplete grade. If this work is not completed within the following semester, the student receives a failure for the course.

The passing grade in the College of Arts and Sciences is D. The student attaining this grade or above receives credit for the number of semester hours allowed.

A grade of E represents a Condition. This condition may be removed by examination. Only one such examination is allowed, and only on the day assigned by the Dean. If the student is successful in the examination, he receives the full credit of semester hours, but the highest average allowed for his permanent record for this subject is D. If the student fails in the examination, the condition becomes a failure, and the course must be repeated. Any condition that is not removed during the semester following the one in which the condition was incurred automatically becomes a failure.

Students absent from any examination, unless for the very gravest of reasons, approved by the Dean, will receive a failure grade in that course.

For each conditioned examination, and for each examination taken out of course, a fee of \$2.00 will be charged.

## REPORTS

Reports containing a record of the class standing and attendance are sent to parents or guardians. Special reports are made upon special request.

Grades are reported as follows:

Grades—A, 93-100; B, 85-92; C, 77-84; D, 70-76; E, 55-69 (Condition); F, 0-54 (Failure); I, Work Incomplete; X, Absent; W, Withdrew Officially; WF, Withdrew Unofficially.

## CLASSIFICATION OF STUDENTS

Those students are ranked as Sophomores who have at least twenty-four quantity and quality points; Juniors, those who have fifty-six quantity and quality points; Seniors, those who have ninety-two quantity and quality points.

Any student who enters his Senior year with a condition will have the status of a special student unless this condition is removed within one month after the opening of the first semester.

Students not included under the above classifications are rated as unclassified.

## SCHOLASTIC STANDING

A student who does not pass two-thirds of the credit hours carried in each term will be dropped for scholastic deficiencies.

A student who fails in one-third or less of the credit hours carried may be placed on *probation* for the next term if his general average of grades shows a general weakness.

Students on probation carry a reduced schedule.

## ELIGIBILITY RULES

Students taking part in dramatic performances, public debates, oratorical or elocution contests or intercollegiate athletic contests and those who are appointed to staffs of the University publications, as well as all officers of student organizations, are subject to the following eligibility rules:

They must be enrolled in at least twelve semester hours of work in regular or special courses; they must have passed at least twelve hours of the work in which they were enrolled for the last semester in residence; they must not be under official censure of any kind.

## DEGREES CONFERRED

*Undergraduate Degrees:* The College of Arts and Sciences confers the following Baccalaureate degrees: Bachelor of Arts, Bachelor of Philosophy, Bachelor of Science (with Majors in Biology, Chemistry, Mathematics, or Physics), and Bachelor of Science in Economics.

*Graduate Degrees:* The Master's degree is conferred on the satisfactory completion of graduate work in English, History, French, Spanish, Latin or Education. The requirements for the Master's degree will be found on page 39.

*Part-Time Courses:* For the convenience of teachers and of others who have satisfied the requirements for college entrance, the University offers special courses in college subjects leading to the Baccalaureate degree. Students who have not satisfied the requirements may enroll in these courses for the cultural value, but credit will not be given until proper entrance credentials have been approved and placed on file. This part-time work is offered in a Summer School, in a Saturday course and in a Night course.. For further details see special Bulletins for these courses.

*Combined Courses*—A student who has completed, without conditions, the Junior year in the College of Arts and Sciences and has met the requirements of his Major and Minor studies for a Bachelor's degree may enter upon his professional studies and receive his degree in Arts or Sciences after the completion of such work in the professional school as will be considered the equivalent of the credit necessary to obtain the desired degree. Not more than thirty-two semester hours of professional work may be counted toward a Bachelor's degree. No student who has not made a full year of residence in the College of Arts and Sciences will be considered a candidate for a Bachelor's degree. In all Combined Courses students should still be registered in the College of Arts and Sciences.

## REQUIREMENTS FOR UNDERGRADUATE DEGREES

## I. THE AMOUNT OF WORK

In order to receive a Baccalaureate degree, a student is required to complete 128 semester hours, distributed throughout four years in such a way as to include at least 24 semester hours for his Major, 18 semester hours in a related subject for his restricted Minor, and 18 semester hours from another group for his unrestricted Minor.

The Heads of the Departments, with the Dean, will assist the student in choosing his Major and his Minors.

Each student will elect his Major in one department of the following groups, his restricted Minor in another department of the same group, and his unrestricted Minor from one of the other groups.

GROUP I—ENGLISH, FRENCH, SPANISH, GERMAN, LATIN, GREEK

GROUP II—ECONOMICS, EDUCATION, HISTORY, POLITICAL SCIENCE,  
PHILOSOPHY, SOCIOLOGY

GROUP III—CHEMISTRY, PHYSICS, MATHEMATICS, BIOLOGY

Candidates for the degree of Bachelor of Arts or Bachelor of Philosophy must choose their Major and their restricted Minor from Group I or Group II.

Candidates for the degree of Bachelor of Science must choose their Major and their restricted Minor from Group III.

Candidates for the degree of Bachelor of Science in Chemistry must choose their Major and their restricted Minor from Group III.

Candidates for the degree of Bachelor of Science in Economics must choose their Major and their restricted Minor from Group II.

## II. CHARACTER OF WORK

Subject Requirements	A.B.	Ph.B.	B.S.	B.S. Ch.	B.S. Ec.
Accounting.....	---	---	---	---	16
Economics.....	---	---	---	---	24
English.....	12	12	12	12	12
History.....	12	12	6	6	6
Latin.....	12	---	---	---	---
Mathematics.....	6	6	12	18	6
Modern Language.....	12	12	12	12	12
Philosophy.....	16	16	16	16	16
Public Speaking.....	4	4	4	4	4
Religion.....	8†	8†	8†	8†	8†
Science.....	8*	8*	32**	52**	---
Social Science.....	---	6	---	---	---
ELECTIVES.....	38	44	26	---	24

\*Elect one course in Science.

\*\*Elect two courses in Science.

†All Catholic students are required to take Religion.

### III. QUALITY OF WORK

A candidate for a degree must present not only the required quantity of work, but he must attain a certain standard of excellence in his work, especially in his Major field. For this reason the candidate for a Bachelor's degree must present, in addition to the 128 semester hours of credit, 128 credit points for quality of work, or an average mark in all subjects of C or better.

Credit points are earned in the following manner: For the grade of A in a given course, the student receives *three* times as many credit points as semester hours credit allowed for that course; for a grade of B, *twice* as many credit points as semester hours; for the grade of C, *just as many* credit points as semester hours. For the grade of D, quantity points are allowed, but no quality points.

### IV. OTHER REQUIREMENTS

In addition to the above requirements, the following regulations must be observed:

1. The candidate for a degree should submit a thesis of approximately 5000 words, approved by the head of the department in which he has majored. Two copies of this thesis must be presented to the Dean on or before the third week in April of the year in which the degree is expected to be conferred.

2. The payment, by May 1, of all indebtedness, including the graduation fee.

3. A formal application should be filed with the Registrar on or before the first week of April.

4. All candidates must be present at the Baccalaureate and the Commencement exercises. The University will not confer degrees *in absentia*.

### GRADUATION HONORS

Graduation honors are computed according to the "quality point system." The points are assigned as follows: for each semester hour of grade A, plus 3 points; B, plus 2; C, plus 1; D, 0; E, minus 1; F, minus 2. The average is obtained by dividing the total number of quality points earned by the total number of semester hours carried.

A candidate who has made an average of 2.5 graduates *cum laude*; one who has made an average of 2.8, *magna cum laude*; one who has made an average of 3, *maxima cum laude*. Record of these honors is inscribed on the diplomas and noted in the published lists of graduates at Commencement.

#### REQUIREMENTS FOR MASTER'S DEGREE

A candidate for the Master's degree must have a Bachelor's degree from a standard college and must devote one year exclusively to graduate work. Applicants who have received their Baccalaureate degree from some other college or university must present a full transcript of their undergraduate work.

If the candidate's whole time is not devoted to graduate study, two years, distributed over four part-time sessions, will ordinarily be required.

Twenty-four semester hours of resident work are required. This work includes lectures and seminars. A Major of twelve semester hours and two Minors of six semester hours each must be completed.

The candidate for a Master's degree must have a reading knowledge of two foreign languages. Ordinarily this should be French and German; but in some cases Spanish or Italian may be accepted.

The candidates must submit a thesis on their Major subject. This thesis shall consist of not fewer than 5,000 words and shall be typewritten on National White unruled paper 8½ x 11 inches. The master's thesis must be bound with the uniform required binding.

The subject of the thesis must be submitted to the Head of the Department in which the candidate is majoring. The thesis itself must be handed in, completed, four weeks before the degree is conferred. The presentation of an acceptable thesis is an absolute prerequisite for admission to final examination.

The candidate for the Master's degree must be prepared to take examinations, written or oral, or both, as may be required, in the field of the Major and Minor subjects.

## SPECIAL PROGRAMS OF STUDY

## PRE-DENTAL COURSE

The Dental Educational Council of America requires "the completion, in addition to fifteen units of secondary school education, of one year (thirty semester hours) of collegiate pre-dental education which shall include not less than six semester hours of English, six semester hours of chemistry, six semester hours of biology or zoology, and physics, either secondary or collegiate, equivalent to one secondary school unit." (Handbook of the Dental Educational Council of America, December, 1926, Article 2, ¶1.) This requirement is met at Loyola University by the following schedule:

Subject	Sem. Hrs.
English .....	6
Chemistry .....	8
Biology .....	8
Physics or	6
Modern Language } .....	
Religion* .....	2

## PRE-LEGAL COURSE

In accordance with the standards of the Association of American Law Schools and the American Bar Association, students entering upon Law must have completed "one-half of the work acceptable for a Bachelor's degree granted on the basis of a four-year period of study by the State University or the principal colleges or universities in the state where the Law School is located." (Handbook of the Association of American Law Schools, 1928. Article 6, ¶2.)

The details of this entrance requirement as laid down by the professional school which a student intends to enter must determine his schedule of preliminary work.

The particular program approved by the Law Department of Loyola University is the following:

Subject	First Year	Sem. Hrs.
English .....		6
Modern Language .....		6
Science .....		8
History .....		6
Sociology .....		6
Public Speaking .....		2

---

\*All Catholic students are required to take Religion.

Second Year		Sem. Hrs.
Subject		
English .....		6
Modern Language .....		6
History .....		6
Philosophy .....		8
Public Speaking .....		2
Electives .....		4

### PRE-MEDICAL COURSE

The Pre-Medical course prescribed by the American Medical Association must cover two years, sixty semester hours, of college work after the completion of a standard four-year high school course. The subjects with minimum requirements included in these two years must be Chemistry (12 sem. hrs.), Physics (8 sem. hrs.), Biology (8 sem. hrs.), English Composition and Literature (6 sem. hrs.), non-science subjects (12 sem. hrs.). Other subjects strongly urged are: Foreign Language (6-12 sem. hrs.), Advanced Botany or Zoology (3-6 sem. hrs.), Psychology and Logic (3-6 sem. hrs.), Advanced Mathematics (3-6 sem. hrs.), Additional courses in Chemistry (3-6 sem. hrs.).

These two years should be acceptable as the equivalent of the first two years of the Bachelor of Science Course.

Students are strongly urged, if they desire to obtain an adequate preparation for the study of medicine, to take a third year, or even the full college course leading to the Bachelor's degree. The following Pre-Medical course is offered by Loyola University:

First Year		Sem. Hrs.
Subject		
General Biology .....		8
Chemistry, Inorganic .....		8
English Composition .....		6
French or German .....		6
Mathematics .....		6

Second Year		Sem. Hrs.
Subject		
Biology .....		8
Chemistry, Inorganic .....		4
Chemistry, Quantitative .....		4
French or German .....		6
Physics .....		8
Philosophy .....		8

Third Year		Sem. Hrs.
Subject		
English .....		6
Chemistry .....		4
Philosophy .....		8
History .....		6
Biology .....		8

# COLLEGE OF ARTS AND SCIENCES

AT GRAND COTEAU, LA.

## CHARACTER OF THE COLLEGE

Saint Charles College, situated at Grand Coteau, Louisiana, in the southwestern part of the State, is a part of the College of Arts and Sciences of Loyola University. It is the training school for the members of the New Orleans Province (Southern States) of the Society of Jesus. The collegiate studies pursued here form the first part of the educational training in the formation of a Jesuit. These four years of study are followed by three years in the School of Philosophy and Science, by a period of teaching of from three to five years, then by four years of Theology in the School of Divinity and finally by one year devoted to ascetical study.

On admission to the Order, the prospective Jesuit spends his first two years in the "novitiate," a period of time during which his occupation is largely ascetical, and, therefore, non-academic in character. In order to keep up his intellectual interests, however, about three hours each day are devoted to study, one to Latin, another to Greek, and a third to English, and vacations as well as other periods of leisure are utilized for the acquisition of modern foreign languages.

During the second period of two years, however, the student's interest is concentrated on humanistic studies. By far the larger number of the members of the Jesuit Order spend their entire lives in teaching or in school administration. Moreover, the "Scholastics," as members of the Order are called while they are still in training, are required to spend from three to five years in teaching, between the period of their philosophical and that of their theological studies which lead to the priesthood. The teacher's training required for such a life of class room activity is begun in the College of Arts and Sciences at Grand Coteau.

In accordance with these purposes of the school, its enrollment is limited to the members of the Order.

## REQUIREMENTS FOR ADMISSION

The minimum entrance requirement to the College is the completion of a standard high school course requiring four years of Latin. A large number of students, however, have completed

at least two years of college study. Due to the differences in previous preparation, private study under the most careful individual guidance as well as a modified tutorial method affords the student the fullest opportunity for self-development.

#### ADVANCED STANDING

Students who have already secured their degree or who have completed a portion of their college work may complete the studies required in a shorter time than the prescribed period. Under exceptional circumstances, the student may be required to take only courses in Education, so that he may comply with the prerequisites for teaching as demanded by law in the various States and by the prescription of the standardizing agencies.

#### ORGANIZATION AND COURSES

The College is administered by an Associate-Dean.

The courses offered in the College of Arts and Sciences at Grand Coteau are listed with the courses of the College of Arts and Sciences at the University.

Since the primary purpose of the school is the education of teachers, stress is laid upon pedagogical studies. The various systems of education in their historical development as well as in their practical effects are reviewed, but emphasis is placed largely upon the *Ratio Studiorum*—the method of teaching which is traditional in the Jesuit Order. Practice classes are held bi-weekly, and the performances of the temporary teachers are subjected to criticism by both faculty members and the class.

A secondary purpose of the school, however, is to deepen the student's appreciation and love for the classical languages, and every effort is made to develop scholarly interest in these subjects on the part of those who show special aptitude.

#### EXAMINATIONS

Examinations are held at the end of each semester. They are both oral and written, and a rigorous test is exacted in each of the subjects of study. If it should be found that a student is unable to complete the courses in a satisfactory manner within the prescribed time, he is required to add one or more years to his course before being allowed to proceed.

## DEPARTMENTS OF INSTRUCTION

The courses of instruction in all departments of the College of Arts and Sciences are numbered in accordance with the following plan:

(a) Lower division courses, numbered from 100 to 199, are, in general, elementary or introductory. They are open to Freshmen and to Sophomores.

(b) Upper division courses, numbered from 200 to 299, are more advanced. For these courses, elementary training in the same or in allied subjects is a prerequisite.

(c) Courses numbered from 300 to 399 are intended for undergraduate students of Junior or Senior standing.

(d) Credit for courses is given in terms of semester hours. The following is a list of the key letters used to indicate the different courses of instruction:

Accountancy.....	Ac
Apologetics.....	Ap
Biology.....	Bl
Chemistry.....	Ch
Commerce.....	Cm
English.....	En
Expression.....	Ex
Finance.....	Fn
French.....	Fr
German.....	Gr
Greek.....	Gk
History.....	Hs
Italian.....	It
Latin.....	Lt
Merchandising and Marketing.....	Mm
Mathematics.....	Mt
Philosophy.....	Pl
Physics.....	Ph
Religion.....	Rl
Science.....	Sc
Social Science.....	SSc
Spanish.....	Sp

## DEPARTMENT OF BIOLOGY

John G. Arnold, Jr., Ph.D., *Chairman*

Edmond C. Merillh

D. Ivan Farnsworth

*Bl. 101. General Biology.*

4 sem. hrs.

An introductory course designed to acquaint the student with certain broad biological principles by means of a study of living organisms. The morphology and physiology of the cell is considered. With this as a foundation, study is made of the classification, structure, function, development and relationship of typical examples of the chief plant group.

Two lectures and two laboratory periods.

*Bl. 102. General Biology.*

4 sem. hrs.

A continuation of course Bl. 101. A comprehensive study is made of typical Invertebrate and Vertebrate animals. Cell division, embryology, and heredity are also considered.

Two lectures and two laboratory periods.

Prerequisite: Bl. 101.

*Bl. 103. Invertebrate Zoology.*

4 sem. hrs.

A study of the underlying principles of animal life. The taxonomy, morphology, physiology, life history, habits, and distribution of the invertebrate group (Protozoa, Porifera, Coelenterata, Platyhelminthes, Nematelminthes, Echinodermata, Annelida, Mollusca, and Arthropoda) are considered. This course is recommended for pre-medical students.

Two lectures and two laboratory periods.

*Bl. 104. Vertebrate Zoology.*

4 sem. hrs.

A study of the taxonomy, morphology, physiology, life history, habits, and distribution of vertebrate animals. Reference is made to the lower chordate animals. Embryology, Genetics, and Ecology are considered briefly. This course is recommended for pre-medical students.

Two lectures and two laboratory periods.

Prerequisite: Zoology 103.

*Bl. 201. Comparative Anatomy of the Vertebrates. 4 sem. hrs.*

An intensive study of type forms as a preparation for human anatomy.

Two lectures and two laboratory periods.

Prerequisite: Bl. 103-104, or equivalent.

*Bl. 202. General Embryology. 4 sem. hrs.*

A study of the origin and maturation of germ cells, fertilization and the formation of germ layers in certain typical invertebrate and vertebrate animals. Knowledge of the development of the systems of a vertebrate is obtained through an intensive study of the development of the chick.

Two lectures and two laboratory periods.

Prerequisite: Bl. 201.

*Bl. 203. Genetics. 2 sem. hrs.*

The study of similarities and differences in organisms related by descent. Chromosome theory, Mendelian inheritance, and Biometry are considered.

Two lectures.

Prerequisite: Bl. 101-102, or equivalent.

*Bl. 301. Bacteriology. 4 sem. hrs.*

This course embraces bacteriological technique, the classification and the study of the properties of important non-pathogenic and pathogenic bacteria. The principles of Immunity and Serology and a brief survey of protozoal parasites and filtrable viruses are also considered. Urine, gastric, milk, and water analyses comprise this course. This course is intended for pre-medical students.

Three lectures and two laboratory periods.

Prerequisite: Bl. 101-102; 201-202.

*Bl. 302. General Histology and Microscopy.* 4 sem. hrs.

Histological technique, the study of microscopic structure of tissues and organs of the mammalian body, and the study of the fundamentals of blood counting. Recommended for pre-medical students.

Three lectures and two laboratory periods.

Prerequisite: Bl. 301.

*Bl. 303. General Physiology.* 4 sem. hrs.

The study of the normal function of tissues and organs of animal forms. Special emphasis is laid on the mammalian type in order to better understand human physiology.

Three lectures and two laboratory periods.

Prerequisite: Bl. 201.

*Bl. 304. History of Biology.* 2 sem. hrs.

A survey of the principal figures and discoveries which have contributed to the development of the science of biology.

Two lecture periods.

Prerequisite: Bl. 101-102.

*Bl. 305. Animal Parasitology.* 4 sem. hrs.

A study of parasites in relation to disease. The various types of parasites, their life histories, and the conditions that they cause will be considered. This course is recommended for pre-medical students and for those specializing in biology.

Two lectures and two laboratory periods.

Prerequisite: Bl. 101-102, or equivalent, and Bl. 201-202.

*Bl. 306. Animal Microtechnic.*

4 sem. hrs.

A course in the principles and methods of preparing animal material for microscopical study. The student is given practice in fixing, embedding, sectioning, staining, mounting tissues; the preparation of whole mounts. The course is required of students preparing to be laboratory technicians. It is recommended for Biology majors.

One lecture or conference, and at least six laboratory hours a week.

Prerequisite: Bl. 305.

*Bl. 307. Industrial Bacteriology.*

8 sem. hrs.

A course to familiarize the student with the principles of Bacteriology, Mycology and Protozoology in relation to the various industries.

Two lectures and two laboratory periods.

Prerequisite: Three years of Chemistry and one year of Biology.

*Bl. 310. Pothier Seminar.*

0 sem. hrs.

The seminar is composed of the staff and of students majoring in Biology, as well as others interested in the subject. The work of the seminar consists in the reading and discussion of papers on biological subjects by the members, and lectures by prominent physicians.

*Bl. 400. Biological Problems.*

To be determined.

This is a course to allow the student to carry advanced biological work under faculty supervision. For students preparing to be laboratory technicians this course will include a definite period of hospital training. This course is open to Seniors.

Prerequisite: Three years of Biology.

## DEPARTMENT OF CHEMISTRY

George A. Francis, S.J., Sc.D., *Chairman*

Paul F. Bailey

Julian Jurgens

*Ch. 101. General Inorganic.*

4 sem. hrs.

Fundamental principles of Chemistry; the laws of chemical action and a description of the metallic and non-metallic elements and their compounds.

Two lectures and two laboratory periods.

*Ch. 102. General Inorganic.*

4 sem. hrs.

A detailed study of the metallic elements and their salt formations, solution, ionization, precipitation and qualitative analysis. Detection of the common cations and anions, based on the application of chemical principles.

Two lectures and two laboratory periods.

*Ch. 102 C. General Inorganic.*

5 sem. hrs.

An intensified course for students majoring in Chemistry.

Three lectures and two laboratory periods.

*Ch. 201. Organic Chemistry.*

4 sem. hrs.

Discussion of the important compounds of aliphatic and aromatic series and preparation of typical compounds.

Two lectures and two laboratory periods.

*Ch. 202. Organic Chemistry.* 4 sem. hrs.

A continuation of Ch. 201.

Two lectures and two laboratory periods.

*Ch. 301. Inorganic Quantitative Analysis.* 8 sem. hrs.

Gravimetric and volumetric methods.

One lecture and three laboratory periods.

*Ch. 302 A. Physical Chemistry.* 4 sem. hrs.

A general survey of the subject. Treatment of the laws of chemical phenomena—the gaseous, liquid and solid state of matter. The course treats of Thermo Chemistry, laws governing chemical changes and Electro Chemistry.

*Ch. 303. Systematic and Instrumental Methods of Analysis.* 5 sem. hrs.

The laboratory work includes analysis of sugar, steel, ores, alloys, industrial products and food. Students who qualify may substitute more advanced work for any of these exercises.

*Ch. 304. Systematic and Instrumental Methods of Analysis.* 5 sem. hrs.

A continuation of Course Ch. 303.

*Ch. 305. Elementary Biological Chemistry.* 4 sem. hrs.

A study of the chemical constituents of the body. The chemistry and functions of the carbohydrates, fats, proteins, vitamins and mineral elements of foods.

## DEPARTMENT OF CLASSICAL LANGUAGES

Robert M. Brooks, S.J., *Chairman*

F. X. Entz, S.J.

John J. Murphy, S.J.

## A. GREEK

*Gk. 001. Elementary Greek.* 3 sem. hrs.

A course for those who do not offer high school credits in Greek. Vowel, diphthong and consonant observations; accent; declensions; conjugations; study of verbs, regular and irregular; formation of tenses.

*Gk. 101. Advanced Greek.* 3 sem. hrs.

Demosthenes; Olynthiacs, I, II, III. General laws of versification.

*Gk. 102. Advanced Greek.* 3 sem. hrs.

Homer, Selections from the Iliad. Euripides, Hecuba. Grammar: Review of Greek moods and the syntax of dependent sentences.

*Gk. 201. Advanced Greek.* 3 sem. hrs.

Demosthenes, De Corona. Analysis of oratorical structure and style. The historical issues.

*Gk. 202. Advanced Greek.* 3 sem. hrs.

Sophocles; Oedipus Tyrannus, translation, dramatic analysis, scansion.

*Gk. 301. Advanced Greek.* 3 sem. hrs.

Aeschylus, Agamemnon. St. Basil, Classical Literature.

*Gk. 302. Advanced Greek.* 3 sem. hrs.

Aristophanes, Birds, or Frogs, or Wasps; Pindar, Olympic Odes I, II, VI, VII.

## B. LATIN

*Lt. 101. Cicero.* 3 sem. hrs.

Pro Archia, De Signis, Second Philippic or Pro Marcello. Rapid review of the syntax of moods and tenses.

*Lt. 102. Virgil, Horace.* 3 sem. hrs.

Virgil: Aeneid, Book II, V, VI or IX. Horace: Ars Poetica.

*Lt. 201. Cicero.* 3 sem. hrs.

Cicero: Pro Lege Manilia, Pro Milone. Advanced syntax.

*Lt. 202. Horace, Juvenal.* 3 sem. hrs.

Horace: Epodes, Satires, Epistles, Carmen Saeculare; Juvenal: Satires. Advanced syntax.

*Lt. 201-202 E. Virgil.* 4 sem. hrs.

Aeneid V and IX.  
Offered at night only.

*Lt. 203-204 E. Tacitus.* 4 sem. hrs.

Agricola.  
Offered on Saturday only.

*Lt. 301. Cicero.* 3 sem. hrs.

Select philosophical works. Advanced composition.

*Lt. 302. Livy, Tacitus.* 3 sem. hrs.

Livy: Books XXI, XXII; Tacitus: Germania, Annales, Agricola (for sight reading).

## DEPARTMENT OF COMMERCE AND FINANCE

John V. Connor, Ph.D., *Chairman*

Joseph A. Butt, S.J.

John W. Mitchell

Fernando Dahmen

Ferdinand H. Fisher

## A. COMMERCE

*Cm. 101-102. Economic History of U. S.* 6 sem. hrs.

The outstanding industrial and financial facts of U. S. History. Economic aspects of colonization and the English colonial policy. The Industrial Revolution. Transportation. Currency and banking. Public lands. Population and labor. Slavery and the South. Tariffs. Private and public finance. Physical resources and conservation.

*Cm. 201-202. Principles of Economics.* 6 sem hrs.

A survey of the more important problems arising under modern industrial conditions. Economic structures and functions. Value and prices. Supply and demand. Money and monetary systems. Credit and banking. Nature and scope of monopoly. Trusts. Production. Distribution. Consumption.

*Cm. 301-302. Marketing and Merchandising.* 6 sem. hrs.

Outline of the present day methods of marketing and merchandising. Analysis of marketing situations. The function of the middleman. The cooperative movement. Agricultural products, raw materials, and manufactured goods on the market. Retail types and store location. Retail store problems and management.

Offered 1936-1937.

*Cm. 303. Business English.* 3 sem. hrs.

The general principles of business correspondence. Emphasis on structures and content of different types of business letters. Practice writing with assigned problems to handle.

Offered 1935-1936.

*Cm. 304. Foreign Trade.*

3 sem. hrs.

The principles and practices of foreign trade; present problems in international financial relations, and their influence upon the foreign trade of the United States.

Offered 1935-1936.

*Cm. 305-306. Commercial Law.*

6 sem. hrs.

Fundamental ideas of law in general. Contracts; legal and equitable remedies on breach of contracts. Business forms. Agencies. Sales of property. Real and personal property. Corporations and partnerships. Insurance and banking laws.

Offered every year.

*Cm. 307. Salesmanship.*

3 sem. hrs.

Relation of selling to advertising. Motives for buying and analyses of customer habits. Suggestions and personality. Sales demonstrations. Practical observations in the field.

Offered 1936-1937.

*Cm. 308. Advertising.*

3 sem. hrs.

Fundamental principles of advertising. Layouts and writing of advertising copy. Advertising agencies and media. Advertising forms. Application of psychology to various types of advertising. Practical observations in the field.

Offered 1936-1937.

*Cm. 309. Latin American Markets.*

4 sem. hrs.

A study of the history and economic development of the Latin American republics. A discussion of our commercial relations with Central and South America. The economic problems of each country and the possibilities of United States trade expansion to these centers.

Offered every year.

*Cm. 310. Current Economic Problems.* 4 sem. hrs.

An advanced study of the problems of the economic order. Financial organization. Business cycles. Transportation. Public finance. Foreign and domestic exchange. Distribution of wealth and economic security. The problem of labor.

Offered 1936-1937.

*Cm. 311. Inland Transportation.* 4 sem. hrs.

History of transportation in U. S. methods of transportation; steam railroad, electric railway, inland waterway, highway and aerial. Principles of rate making. Public control and legislation. Special problems of transportation.

Offered 1935-1936.

## B. FINANCE

*Fn. 101. Accountancy—Constructive.* 8 sem. hrs.

Fundamental principles in their actual business applications. Elements of single and double entry bookkeeping. Methods of recording and presenting facts. Opening and closing books. Laboratory problems.

*Fn. 102. Mathematics of Accountancy.* 4 sem. hrs.

Fractions, percentage, gross profit test, bank discount, average date of invoices, good will, installment sales, financing, foreign exchange, asset valuation accounts.

*Fn. 201. Accountancy—Advanced.* 8 sem. hrs.

Advanced work. Private and public accountancy. Difference between bookkeeping and accountancy. Interpretation of facts in a scientific manner. Proprietorship, partnership, and corporation accounting. Profits and losses. Laboratory problems and exercises.

*Fn. 301. Accountancy—Advanced.* 6 sem. hrs.

Advanced business analysis. Classification of assets and liabilities. Bases of valuation. Special examinations and investigations. Special statements. Mergers and consolidations. Estate accounting. Practical accounting problems

*Fn. 302. Cost Accounting.* 3 sem. hrs.

Prime cost factors. Departmentalization. Material, labor and factory burden. Determination of the cost of production. Allocation of costs.

*Fn. 303. Income Tax and C. P. A. Review.* 3 sem. hrs.

Elementary course in Income Tax for individuals and corporations. General rules governing. Exemptions. Special classroom preparation for Certified Public Accountant's examination.

*Fn. 304. Money and Banking.* 3 sem. hrs.

Qualities and functions of money. Monetary systems. Nature, functions, and instruments of credit. Principles of commercial and trust banking. Federal Reserve system. Agricultural credit. Investment banks. Stock exchanges. Commercial paper houses.

Offered 1935-1936.

*Fn. 306. Corporation Finance.* 4 sem. hrs.

Forms of business enterprise. Promoters. Conditions and laws of incorporation. Underwriting. Working capital. Distribution of dividends. Financial plan for operation. Failure and reorganization. Relation of shareholders, creditors, and general public to the corporation.

Offered 1935-1936.

*Fn. 307-308. Business Statistics.* 4 sem. hrs.

Collection, analyses, and presentation of statistical data. Barometers of business in forecasting business conditions. Plotting of graphs to be used for executive control.

## DEPARTMENT OF ENGLISH

Hugh Mercer Blain, Ph.D., *Chairman*

E. J. O'Connor, S.J.

Edward M. McGrath

Gerald J. Eberle

Thomas Carter, S.J.

## A. COMPOSITION AND JOURNALISM

*En. 001. English Composition.* No credit.

A course devoted to practice in *correct* writing. This is a laboratory course conducted one hour a week and required of all freshmen. Upper classmen who are deficient in oral or written composition may be obliged to follow this course.

*En. 101. Freshman Composition.* 3 sem. hrs.

Principles of *effective* writing. Exercises in *précis* work, essays, speeches.

*En. 102. Freshman Composition.* 3 sem. hrs.

Principles of *artistic* writing. Exercises in narrative and descriptive forms, and the familiar essay.

*En. 103. Journalism.* 6 sem hrs.

A general introduction to newspaper writing, with a special emphasis upon the news-story. Practical assignments and shop work on the college newspaper, *The Maroon*.

*En. 104. Journalism.* 6 sem. hrs.

This course is designed for those students who have shown unusual writing ability. Each student receives individual guidance in writing for which he has shown most aptitude—reporting (on city papers), magazine articles, editorial writing, book reviews, scenarios, radio scripts, etc.

*En. 105. Journalism.*

6 sem. hrs.

Instruction and laboratory work in copy reading, headline writing, proof reading, and makeup for *The Maroon* and other college publications. Associated Press copy is used for a laboratory newspaper.

*En. 201. The Short Story.*

3 sem. hrs.

The theory and technique of the short story; its development and various types. Reading and appreciation of short stories. Composition in the forms.

*En. 202 A. Oratorical Composition.*

3 sem. hrs.

A thorough study of argumentation and the functions of speech-composition. Analysis, criticism, and composition of speeches.

*En. 202 B. The One-Act Play.*

3 sem. hrs.

A study of the technique of the one-act play, with a critical analysis of selected one-act plays, including *Lady Gregory*, *Barrie*, *O'Neill*, *Tarkington*, *Synge* and *Martinez Sierra*.

*En. 201 E. The Short Story.*

4 sem. hrs.

The theory of the short story. Some models analyzed. *Poe* and his theory. The new technique.

*En. 202 E. The English Essay.*

4 sem. hrs.

The theory and technique of the essay. Reading, appreciation and composition.

## B. LITERATURE

*En. 203. American Literature to the Civil War.* 3 sem. hrs.

The influence of Puritanism on Colonial literature; of romanticism on the works of *Irving*, *Cooper*, *Poe*, *Hawthorne*, *Longfellow*, *Lowell*, *Holmes*, *Whittier*, and *Melville*; of transcendentalism on *Emerson* and *Thoreau*.

*En. 204. American Literature Since the Civil War.*

Transition from romanticism to realism as seen in the works of Whitman and Lanier; William Dean Howells and American realism; Mark Twain and American humor; the local colorists; the rise of naturalism; tendencies in modern American literature.

*En. 205. The English Novel.*

The rise of fiction; its development in the hands of the eighteenth century realists; the struggle of the romanticists and the realists in the nineteenth century; the surrender to naturalism in modern times.

*En. 206. Victorian Prose.*

A study of the chief prose masters of the Victorian Age; the influence of the scientific writings of Darwin and Huxley; the religious doubts of the period as exemplified in the works of Arnold and Newman; the sociological and economic ideas of Carlyle, Ruskin, and Morris; the transition to modern times.

*En. 207. Poetry.*

A definition of poetry through an analysis of its intellectual, imaginative, and emotional elements; an application of this analysis to the species and schools of poetry.

*En. 208. Drama.*

An historical review of the drama from Greece to modern America; the spirit and thought of each age as exemplified in the drama of the period; an outstanding example of each school thoroughly analyzed.

*En. 309 A. Shakespeare's Tragedies.*

3 sem. hrs.

The theory of Tragedy. The development of Drama. A study of Hamlet, Macbeth, Othello, Lear.

Offered 1935-1936.

*En. 310 A. Shakespeare's Comedies.* 3 sem. hrs.

The theory of Comedy. The development of Comedy.  
A study of Shakespeare's Comedies.

Offered 1934-1935.

*En. 309 B. British Novel.* 3 sem. hrs.

From Eliot to Hardy. The trend of thought. The  
change in technique. The background of philosophy.

Offered 1935-1936.

*En. 310 B. American Novel.* 3 sem. hrs.

From Cooper to Cather. The trend of thought. The  
change in technique. The background of philosophy.

Offered 1934-1935.

*En. 311. Old English.* 3 sem. hrs.

A study of Old English grammar. with readings of  
prose and poetry, including some of Geowulf. Required  
of all candidates for the Master's degree with English as  
a major.

*En. 312. Chaucer.* 3 sem. hrs.

A study of the best of The Canterbury Tales, with  
parallel reading of the others. Required of all candidates  
for the Master's degree with English as a major.

*En. 313. Tennyson.* 3 sem. hrs.

An interpretation of the poetry of Tennyson, and a  
study of his art and technique and his relation to the  
poets and thinkers of his time.

*En. 314. Browning.* 3 sem. hrs.

A sympathetic reading of the principal poems, acquaint-  
ing the student with the poetically important aspects of  
Browning's personality, his technique, and the under-  
standing of his philosophy.

## C. PUBLIC SPEAKING AND DRAMATICS

*En. 121. Principles of Expression.* 1 sem. hr.

Practical training in the fundamentals of effective speaking. Methods of breathing, articulation, pronunciation, inflection; qualities of voice; purity and flexibility of tone.

*En. 122. Gesture and Technique of Action.* 1 sem. hr.

Poise, posture, movement, gesture; interpretation of emotions; expression, ease, grace, and effectiveness of delivery.

*En. 121 E. Public Speaking.* 4 sem. hrs.

The course seeks to give the student the fundamental principles necessary to self criticism, and an opportunity to apply these principles in practice.

Offered at night only.

*En. 221. Argumentation and Debate.* 2 sem hrs.

Practical training in collecting materials, outlining briefs, arranging arguments, preparing speeches and rebuttal. Manner of conducting debate; parliamentary procedure.

*En. 222. Advanced Debating.* 2 sem. hrs.

Practical work in debating through membership in the academy, and participation in at least two public debates.

*En. 223. Play Production.* 2 sem. hrs.

Practice in the presentation of plays in the classroom and for the public. One-act and longer contemporary and standard plays are studied and presented. Special attention is given to stage craft.

## DEPARTMENT OF HISTORY AND SOCIAL SCIENCE

Richard D. Doyle, Ph.D., *Chairman*

Charles C. Chapman, S.J.

John V. Connor

## A. HISTORY

*Hs. 101. Modern Europe.*

3 sem. hrs.

1500-1830. National monarchies, empires and city states. The Commercial Revolution. Charles V and Philip II. The Protestant revolt. Catholic Reformation. Religious Wars in France and England. Parliamentary struggle against the Stuarts and the Revolution of 1689.

*Hs. 102. Modern Europe.*

3 sem. hrs.

Wars of France and England for colonial and commercial supremacy. Rise of Prussia and Russia. Dismemberment of Poland. The paternal despots. The old regime. French Revolution. End of Napoleon. Congress of Vienna and era of Metternich.

*Hs. 101-102 E. Early Christian Era.*

4 sem. hrs.

A general survey of the history of the Christian era from A. D. 1 to 1500.

Offered at night and on Saturday, 1935-1936.

*Hs. 103-104. Constitutional History.*

6 sem. hrs.

Origins of Constitution (449-1776); Colonial History plans of Union; various State Constitutions; adoption of United States Constitution; Interpretation—loose and strict; the changing Constitution; the New Deal and the Consitution. A consideration of some leading cases.

*Hs. 201. English.*

3 sem. hrs.

Prehistoric Britain. Roman Britain. Anglo-Saxon Britain. Danish and Norman Conquests. Angevin and Plantagenet kings. Lancastrian, Yorkist and Tudor sovereigns to the death of Elizabeth, 1603.

*Hs. 202. English.*

3 sem. hrs.

The Stuart dynasty to the Glorious Revolution of 1689, with special insistence upon the Parliamentary struggle against Divine Right Monarchy. The building of the British Empire in the commercial and colonial struggles with Spain, Holland and France. The Hanoverian line. Queen Victoria. Participation of the British Empire in the World War.

*Hs. 202 E. English.*

3 sem. hrs.

From the Tudors to the present time.

Offered at night.

*Hs. 203. Colonial Period I. (800-1763).*

3 sem. hrs.

Conditions in Europe which led to the discovery of America; explorations; claims of European nations; settlements in America; development of the islands and mainland; commercial value of the new lands; dominance of England in America.

*Hs. 204. Colonial Period II. (1763-1789).*

3 sem. hrs.

Colonial resistance to British "interference"; the War for Independence; temporary union among the colonies; sources of democratic ideas; success and disunion; the "Critical Period"; adoption of the Constitution; election of Washington.

*Hs. 205. Middle Period I. (1789-1828).*

3 sem. hrs.

The Federalist Regime; Jeffersonian Democracy; War of 1812; tariff legislation; beginnings of slavery issue; the "American System"; Missouri Compromise; Monroe Doctrine; strengthening of legislative branch of government at expense of executive.

*Hs. 206. Middle Period II. (1828-1861).* 3 sem. hrs.

The Election of 1828; Jacksonian Era; development of the West; removal of Indian tribes; the Mexican War; filibustering expeditions; Kansas-Nebraska question; sectional differences; Secession of Southern States.

*Hs. 207. Modern Period I. (1865-1896).* 3 sem. hrs.

Politics and finances during the War; emancipation; conflicting plans for reconstruction; Congress vs. President; the Slavery amendments; Carpetbaggers; Ku Klux Klan; Hayes-Tilden campaign; reconstruction completed; the silver issue; election of 1896.

*Hs. 208. Modern Period II. (1896-1932).* 3 sem. hrs.

The Tariff question; the Cuban revolution; War with Spain; imperialism; disappearance of the western frontier; new political ideals; America's interest in international affairs; the World War; financial difficulties following the war; the election of 1932.

*Hs. 301. Greece.* 3 sem. hrs.

A study of the geography and environment of the Greek States. Greek government. The City State. Education, learning, literature, art and philosophy of the Greeks. National characteristics and chief epochs and events of Grecian history down to the conquest by Rome.

*Hs. 302. Rome.* 3 sem. hrs.

Origins of the Roman people. Rome. The early kings. The Republic. The Empire, to its fall. A study of Roman law, religion, art, literature and philosophy. Influence of Roman institutions on modern civilization.

B. SOCIAL SCIENCE

*Ssc. 101. Introductory Sociology.* 3 sem. hrs.

Social principles: Sociology and related sciences; postulates of Sociology; man's dignity and final destiny; man essentially a social being; the bedrock foundation of social life.

*Ssc. 102. Introductory Sociology.*

3 sem. hrs.

Social factors and social institutions: Environment, habits, group behavior, the modern family, the State. Social action: Proper attitude toward social work; obligation of social service; practical aspects of social work; social influence of the teaching of Christ.

*Ssc. 103-104 E. Social History.*

4 sem. hrs.

Social origins: Recent Ethology; evolutionary theories of culture opposed by facts; the primitive family, the unit of social organization; private property among primitives; primitive religion; the moral law among primitives.

*Ssc. 105-106 E. Social Problems and Agencies.*

4 sem. hrs.

Social pathology: Crime and juvenile delinquency; poverty and pauperism; heredity and eugenics; feeble-mindedness and insanity; unemployment. Workers' Education Bureau in the United States. Knights of Columbus.

*Ssc. 201. Sociological Aspects of Poverty.*

3 sem. hrs.

Poverty and its background; inequality, competition, individualism, and weakened cultural forces. Formal and informal charity as a basic factor of relief. Principles of relief.

*Ssc. 202. Sociological Aspects of Poverty.*

3 sem. hrs.

Social Reform. Principles and tendencies in social legislation in the United States.

*Ssc. 203-204. The Foreign Policy of the U. S.*

6 sem. hrs.

A survey of our diplomatic relations with other nations. The origin and development of the cardinal principles of American Foreign Policy, such as the Monroe Doctrine, Pan-Americanism, etc., are thoroughly explained.

## C. EDUCATION

*Ed. 101-102. Philosophy of Education.* 4 sem. hrs.

Meaning and purpose of education; physical and social heredity; education as adjustment; the Culture Epoch theory; mental growth and development; educational aims; the ultimate aim of Christian education.

*Ed. 103-104. Educational Psychology.* 4 sem. hrs.

The nature of the learner. The Stimulus Response theory. The laws and principles of learning. The problems of instinct and learning, of interest and attention, of individual differences and of transfer of training are among the topics considered in the course.

*Ed. 105. History of Education.* 2 sem. hrs.

A brief survey of the major cultural factors of the various periods beginning with primitive times. Attempted evaluation in terms of modern theory and practice.

*Ed. 106. Principles of Teaching.* 2 sem. hrs.

The aims of teaching; the nature and extent of the teacher's responsibility; the fundamental processes in learning and teaching; analysis and criticism of outstanding suggestions for classroom procedure; measuring effectiveness; classroom management and discipline.

## DEPARTMENT OF MODERN LANGUAGES

Albert R. Lopez, Ph.D., *Chairman*

Joseph A. Butt, S.J., Jessie C. Montejo, Louis G. Soniat, S.J.,

J. O. Monasterio, H. T. Fleddermann, Gaspare Lugano

## A. FRENCH

*Fr. 001-002. Elementary.* 6 sem. hrs.

Fundamentals of grammar. Careful drill in pronunciation. Emphasis on the inflection of the verb. Writing from dictation.

*Fr. 001-002 E. Elementary.* 4 sem. hrs.

An intensive course to prepare for the College courses. Grammar. Author.

Offered at night and on Saturday.

*Fr. 101-102. First Year College.* 6 sem. hrs.

Drill in the French verb. Emphasis on the irregular verbs. Thorough review of syntax, with emphasis on the moods and tenses. Drill in sentence and paragraph-building. Writing from dictation. Sight reading.

*Fr. 101-102 E. First Year College.* 4 sem. hrs.

Rapid review of French Grammar. Principles of Composition. Selections from the French Classical prose writers.

Offered at night and on Saturday.

*Fr. 103-104. Second Year College.* 6 sem. hrs.

Survey course in French literature, with selections from the masters. An appreciative study of the different periods.

*Fr. 201-202. Advanced.* 6 sem. hrs.

Nineteenth century French literature.

*Fr. 201-202 E. Advanced.*

4 sem. hrs.

Nineteenth century French literature.

Offered at night and on Saturday.

*Fr. 301-302. Advanced.*

6 sem. hrs.

The French drama. The drama of the classic, romantic and contemporary periods.

## B. SPANISH

*Sp. 001-002. Elementary.*

6 sem. hrs.

Fundamentals of grammar. Composition. Practice in conversation. Reading of 100-175 pages. The direct method will be employed as far as possible.

*Sp. 101-102. First Year College.*

6 sem. hrs.

Grammar review. Oral work. Weekly themes. Brief introduction to the history of Spanish literature. The class will be mainly conducted in Spanish.

*Sp. 103-104. Second Year College.*

6 sem. hrs.

History of Spanish literature to 1830. (103) From the beginning through the sixteenth century (all genres); (104), the prose and poetry of the seventeenth and eighteenth centuries. Written reports and illustrative reading.

*Sp. 201-202. Advanced.*

6 sem. hrs.

The Spanish drama. Founders of the Spanish drama. The Golden Age. The Romantic Movement. Contemporary Spanish drama.

*Sp. 203-204. Advanced.*

6 sem. hrs.

Spanish-American literature. A study of the main currents of Spanish-American literature, with an introduction to the history of Spanish America. The Classical School in Spanish America. Spanish-American writers who have profoundly influenced Spanish literature.

*Sp. 301-302. Advanced.*

6 sem. hrs.

The Spanish novel. Origin and development of the novel in Spain. The Picaresque Novel. Don Quixote. The Regional Novel. The Romantic Novel: Main tendencies of the contemporary novel. La Escuela Parnasiana; la Generacion de 1898.

## C. GERMAN

*Gr. 001-002. Elementary.*

6 sem. hrs.

Fundamentals of grammar. Oral and written exercises. Readings, easy conversation.

*Gr. 101-102. First Year College.*

6 sem. hrs.

Grammar review. Oral and written exercises. Reading of German prose fiction, and scientific texts.

*Gr. 103-104. Second Year College.*

6 sem. hrs.

Composition. Readings from prose writers and poets; brief readings from scientific authors. Advanced grammar. Conversation.

## D. ITALIAN

*It. 001-002. Elementary Italian.*

4 sem. hrs.

Elements of Italian grammar. Drill in pronunciation. Vocabulary. Syntax. Reading from simpler prose.

*It. 101-102. Intermediate Italian.*

4 sem. hrs.

Review of grammar and syntax. Translation. Oral and written exercises. Reading.

*It. 201-202. Italian Literature.*

4 sem. hrs.

A study of special periods and writers in Italian literature. Development of fluency in composition and conversation.

## DEPARTMENT OF PHILOSOPHY

Martin P. Burke, S.J., Ph.D., *Chairman*

Francis A. Cavey, S.J.

Joseph J. Wallace, S.J.

William J. Harty, S.J.

J. A. Greeley, S.J.

*Pl. 101. Dialectics.* 2 sem. hrs.

Definition and division of Philosophy. Natural and Scientific Logic. Material elements of Logic. Acts of the mind; nature of these acts, their kinds, properties and external expression. Formal elements of logic. Forms of argumentation. Fallacies.

*Pl. 102. Cosmology.* 2 sem. hrs.

The origin of the world. Monism. Pantheism. Materialism. Creation: formation and finality of the world. The constructive properties of bodies. Atomism. Dynamism. Hylomorphism. Substantial changes. The laws of nature. Miracles: definition, possibility, cognoscibility.

*Pl. 103. Epistemology.* 2 sem. hrs.

The study of truth, logical and moral; falsity. The study of the mind in relation to truth. Ignorance. Doubt. Opinion. Nature and kind of certitude. Skepticism. Agnosticism. Materialism. Positivism. Idealism. Rationalism. Traditionalism. Criteria of truth.

*Pl. 201. Psychology.* 2 sem. hrs.

Life in general: empirical observation of vital action; the power of self-motion; purposive activity; immanency of action; scholastic concept of life; the three essentially different grades of life; the prime principle of life. Theory of Evolution. A study of the human soul. Refutation of false theories on the *Ego* advocated by Kant, Hume, Mill and James. Refutation of various monistic theories about the psycho-physical activities of man. Refutation of Anthropologic Evolution.

*Pl. 104. Ontology.* 2 sem. hrs.

Being, its objective concept. Essence. States of being; existence; possibility, internal and external. Source of internal possibility. Kinds of Being: substance and accident. Distinction between nature and person. Attributes of Being. Principle of Causality.

*Pl. 202. Theodicy.*

2 sem. hrs.

Atheism, Agnosticism, Pantheism, Deism, Theism. The existence of God. Refutation of Descartes and Leibnitz, Kant and Traditionalists. The essence of God. The divine attributes. God and the world. The Materialistic and Pantheistic concept of God.

*Pl. 303. Ethics.*

2 sem. hrs.

Definition, nature, object and necessity of Ethics. Subjective and objective ultimate end of man. Human action, its merit and imputability. Norm of Morality, true and false. Man's duty to his Creator. Man's duty to himself. Man's duty to his neighbor. Duties to property. Society: domestic, civil, international, religious.

*Pl. 314 E. History of Philosophy: Ancient.*

2 sem. hrs.

Study of Pre-Hellenic, Greek, Greco-Roman, and Greco-Oriental philosophy to the Christian Era.

Offered on Saturdays, 1935-1936.

*Pl. 324 E. History of Philosophy: Scholasticism.*

2 sem. hrs.

A study of Patristic and Scholastic philosophy from the beginning of the Christian Era to A. D. 1450.

Offered on Saturdays, 1932-1933.

*Pl. 334 E. History of Philosophy: Early Modern.*

2 sem. hrs.

Transition from Scholastic to the Modern philosophy  
A study of philosophic thought from Francis Bacon to Kant.

Offered on Saturdays, 1933-1934.

*Pl. 344 E. History of Philosophy: Late Modern.*

2 sem. hrs.

Study of philosophic thought from Kant through the eighteenth century and of present day tendencies in philosophy.

Offered on Saturdays, 1934-1935.

## DEPARTMENT OF PHYSICS AND MATHEMATICS

Karl A. Maring, S.J., Ph.D., *Chairman*

Orie L. Abell, S.J., J. O. Monasterio, H. T. Fleddermann,

Lucien Vivien, J. D. Blum

## A. PHYSICS

*Ph. 101. General Physics.* 4 sem. hrs.

The fundamental principles of mechanics, sound, and light.

Two lectures and two laboratory periods.

*Ph. 102. General Physics.* 4 sem. hrs.

The principles of heat, magnetism and electricity.

Two lectures and two laboratory periods.

*Ph. 203. Electricity and Magnetism.* 4 sem. hrs.

Electricity, magnetism, radioactivity, the electron theory.

Two lectures and two laboratory periods.

*Ph. 204. Electricity and Magnetism.* 4 sem. hrs.

A continuation of Course Ph. 203 with advanced laboratory work.

*Ph. 205. Analytical Mechanics—Statics.* 3 sem. hrs.

The Composition and Resolution of Forces Acting on a Particle; Forces Acting on a Rigid Body; Vectors; The Statics of a Rigid Body; the Center of Gravity; Friction; Flexible Cords.

*Ph. 206. Analytical Mechanics—Kinetics.* 3 sem. hrs.

The Kinetics of a Particle; the Motion of a Particle in a Plane Curve; Work and Energy; Constrained Motion; the Moment of Inertia; the Dynamics of a Rigid Body; Kinetic Friction.

B. MATHEMATICS

*Mt. 001.* No credit

A review course in High School Algebra, Geometry and the Fundamental Principles of Trigonometry.

*Mt. 101. College Algebra.* 3 sem. hrs.

Logarithms, Slide Rule, Simultaneous Quantities, Theory of Equations, Combinations and Permutations, Mathematical Induction, Binomial Theorem, Determinants, Progressions, Infinite Series. Partial Fractions.

*Mt. 102. Plane Trigonometry.* 3 sem. hrs.

Trigonometric Functions of Acute Angles, Use of the Table of Natural Functions, the Right Triangle; Trigonometric Functions of Any Angle, Functions of the Sum or the Difference of Two Angles, the Oblique Triangle, Graphs of Functions, Trigonometric Identities and Equations, Applications of Trigonometry to Algebra.

*Mt. 103. Plane Analytic Geometry.* 3 sem. hrs.

Different Systems of Coordinates, Point, Straight Line, Conics, Transformation of Coordinates, Higher Plane Curves.

Prerequisite: Mt. 101.

*Mt. 104. Elementary Surveying.* 3 sem. hrs.

General Methods used in measurement of distances, angles, difference of elevation and area; practical use of the chain, tape, level, compass and transit; solution of simple problems in surveying.

Prerequisite: Mt. 102.

*Mt. 201. Differential Calculus.* 3 sem. hrs.

Functions, limits, derivatives, successive derivatives, maxima and minima, roots, differentials, curvature, theorem of mean value, indeterminate forms.

Prerequisite: Mt. 103.

*Mt. 202. Integral Calculus.* 3 sem. hrs.

Integration by all methods, evaluation of the constant of integration, the definite integral, the fundamental theorem of Integral Calculus, series, multiple integrals.

Prerequisite: Mt. 201.

*Mt. 203. Differential Equations.* 3 sem. hrs.

Equations of the first order and first degree, equations of the first order but of higher degree, linear equations of a higher order with constant coefficients, total differential equations, simultaneous equations, homogeneous linear equations, equations of higher order and higher degree, integration of series.

Prerequisite: Mt. 202.

*Mt. 204. Theory of Equations.* 3 sem. hrs.

Descartes' rules, Sturm's theorem, Lagrange's and Newton's methods of solution of equations, solution of equations by radicals, Cardan's formula, Vandermonde's principle, graphical solution of equations, introduction to theory of groups.

Prerequisite: Mt. 101-102.

*Mt. 205. Vector Analysis.* 3 sem. hrs.

Addition, multiplication, differentiation and integration of vector quantities.

Prerequisite: Mt. 202.

*Mt. 206. Solid Analytic Geometry.* 3 sem. hrs.

Determinants, matrices, systems of coordinates, the point, the line, the plane, rotation of axes, tangent and normal planes and lines, quadric surfaces, invariants.

Prerequisite: Mt. 103.

*Mt. 301-302. Advanced Calculus.* 3 sem. hrs.

A course in Advanced Calculus, based on Osgood's Advanced Calculus.

## DEPARTMENT OF RELIGION

S. H. Ray, S.J., *Chairman*

P. A. Roy, S.J., J. A. Butt, S.J., R. M. Brooks, S.J.,  
T. C. King, S.J., W. J. Harty, S.J., C. C. Chapman, S.J.,  
Louis Soniat, S.J.

*Rl. 101-102. The Moral Ideal.* 2 sem. hrs.

The great Commandment; Charity and the Works of Mercy; Human life and modern conditions; modern industrial problems; Social Justice; Citizenship; the Moral Law.

*Rl. 201-202. Dogma and the Commandments.* 2 sem hrs.

The future life; Man's Origin, Elevation, Fall, and Redemption; the Commandments; Revelation, Faith, and Life.

*Rl. 301-302. The Church and the Scriptures.* 2 sem. hrs.

The Church: its laws and policies, its teachings and functions; the question of Miracles; the credentials of the Church; the Church and the Modern State.

*Rl. 401-402. Life Problems.* 2 sem. hrs.

The practice of broad-mindedness; life motives; choosing a life work and a life mate; the part of parents; the use of leisure; special questions.

## FORMS OF BEQUESTS

Gifts and bequests of money, securities, or real estate are gratefully received by Loyola University. Many additions may thus be made to the resources of the institution.

To serve the College in this way it is not necessary to make a large bequest. There are doubtless many who, without injury to family or other interests, could bequeath \$500, \$1,000, or \$5,000; and some who might bequeath a much larger sum.

Unless other use is specified, it is the general policy of the institution to designate funds so given as a part of the permanent endowment of the institution. In this case, the principal is never expended, but is loaned on adequate security. The income is used annually toward paying the current expenses of the institution.

It is advisable to ascertain the requirements of the law in the state in which the testator resides, and to be careful that such requirements are complied with.

### FORM OF GENERAL BEQUEST

*I hereby give and bequeath to Loyola University, New Orleans, Louisiana, for the use of said institution in fulfilment of its general corporate purpose.....*

.....  
(State here the sum of money desired to be given, or, if it be the residue of an estate, state this fact.)

### FORM OF BEQUEST FOR A PARTICULAR PURPOSE

*I hereby give and bequeath to Loyola University, New Orleans, Louisiana, for the following purpose.....*

.....  
(State clearly the special object of the bequest, as well as the sum of money or property, real or personal, constituting the same.)

## DEGREES CONFERRED

June 1, 1936

---

### COLLEGE OF ARTS AND SCIENCES

---

#### MASTER OF SCIENCE

Timothy Loyola Duggan

#### BACHELOR OF ARTS

Olive Isabel Arceneaux	Dorothy Helen Larson
Alfred Joseph Bonomo, Jr.	Hazel Althea de Latour
Georgette Spyker Brandao	John James McAulay
Carmen Ann Brunner	Dorothy Catherine McCloskey
Louis Joseph Castille	William Berthold McKernan
Florance Driscoll Daspit	Catherine Ann O'Connell
Margaret Stafford Denechaud	<i>Cum Laude</i>
Joseph Francis Downing	Marian Veronica Oulliber
Wilfred Newton Drewes	Helen Genevieve Pico
Phyllis Claire Elliot	Elizabeth Katherine Ricau
Mary Ellen Harper	Janet Mary Riley
Rosalie Mary Kerber	<i>Cum Laude</i>
Elizabeth Carolyn Lala	Stephen Bellew Rodi
Eleanor Margaret Lanigan	<i>Cum Laude</i>
Felix Henri Lapeyre	Nano May Quaid
Marie Thérèse Villeré	

## BACHELOR OF PHILOSOPHY

Claire Celestine Frances Abadie	Gertrude Johana Kunz
Pierre Victor Bernard	Marion Aloysius Loisel
Elmore Edmond Blanchard	Charles René Maduell
Linton Brock Brumfield	Charles Edward Martin
Lucille Claire Brunet	Clare Moran
Bernadette Coyle	Helen Beatrice Persigo
Harry James Daniels	Edwin Jean Pierce
Alton Louis DeBlanc	Louisiana Mary Richard
<i>Cum Laude</i>	Neddie O'Moore Roberts
Harold Joseph DeBlanc	Eusebe Joseph Robichaux, Jr.
<i>Cum Laude</i>	Junius Bernard Sellers
Nell DeLaune	Julia Marie Sierra
Claire Margaret Dumestre	Bartholomew Philip Sullivan
Joseph Francis Egan, Jr.	Loretta Elizabeth Tax
Josephine Graffagnino	Warren George Waguespack
Thelma Dolores Kearney	Earl Francis Wegmann
June Virginia Kepper	<i>Cum Laude</i>
<i>Cum Laude</i>	

## BACHELOR OF SCIENCE

Edward McCormack Aubert	Elaine Emilie Kalman
Lyda Campbell	<i>Cum Laude</i>
Thomas William Dunn	Sister Mary Clara Lorio, O.P.
Elizabeth Veronica FitzGerald	Joseph Sidney Petersen, Jr.
<i>Magna Cum Laude</i>	Helen Pauline Rey
Daniel Francis Hynes	Lucille Marie Rossi
Christine Marion Jaques	William Alexander Roy
<i>Cum Laude</i>	Adrienne Rung
	Robert Grün Werner

## BACHELOR OF SCIENCE IN CHEMISTRY

Augustus Elmer, Jr.	Roy Holly Sides
Robert Gerard Lacey	Edward Eugene Spranley
Hartwig Andrew Schuyten	Charles August Vanney

## BACHELOR OF SCIENCE IN ECONOMICS

Henry Joseph Beter, Jr.	Donald Valentine Higgins
Clark Raymond Cosse, Jr.	Leslie John Hottinger
Everett Ignatius Gares	Martin Voorhies Jarreau
Collum Joseph deGruy	George Thomas Joint
George Joseph Finnan	Richard Hulton Kerr
Arthur Michael Hayes	George Henry Seferovich
<i>Cum Laude</i>	<i>Cum Laude</i>

## REGISTER OF STUDENTS

1935-1936

Note—Students are listed in the various classes under the following limitations:

1. As *Graduates*, those who have received a Baccalaureate degree from a recognized college or university.

2. As *Seniors*, those who have completed ninety-two semester hours of credit and ninety-two quality points.

3. As *Juniors*, those who have completed fifty-six semester hours of credit and fifty-six quality points.

4. As *Sophomores*, those who have completed at least twenty-four semester hours of credit and twenty-four quality points.

5. As *Freshmen*, those who have satisfied all of the requirements for regular admission.

6. As *Specials*, those who have not satisfied the regular admission requirements or who are not following the regular groups of study.

7. As *Unclassified*, those who do not satisfy the requirements for quantity or quality points for class advancement.

# REGISTER OF STUDENTS

## ARTS AND SCIENCES

### GRADUATE

Duggan, Timothy Loyola.....M. S.....Louisiana

### SENIORS

Bernard, Pierre Victor.....	Ph. B.....	Louisiana
Beter Henry Joseph, Jr.....	B. S. Ec.....	Louisiana
Blanchard, Elmore E.....	Ph. B.....	Louisiana
Bonomo, Alfred Joseph, Jr.....	A. B.....	Louisiana
Brumfield, Brock.....	Ph. B.....	Louisiana
Castille, Louis Joseph.....	A. B.....	Louisiana
Cosse, Clark Raymond, Jr.....	B. S. Ec.....	Louisiana
Couvillon, Hyacinthe Otto.....	B. S.....	Louisiana
